To Flower Lovers:

THE low prices for bulbs which have prevailed for the last few years have helped to make the early spring flowers very popular in gardens everywhere.

The prices for 1928, as given in this catalog, are still lower on many varieties, and we urge you to plant generously this fall.

You will be surprised to see at what little cost you can enjoy a display of glorious colors at a time when flowers are most appreciated.

In addition to bulbs, we are offering in this catalog a list of perennial plants, including both the old favorites as well as newer varieties. All of these will bloom profusely next year. For those who delight in raising their own plants, a list of perennial seeds and a list of annuals for fall sowing is included.

The pages featuring Shrubs, Climbers, and Rambler Roses give a good assortment of easily grown varieties for fall planting.

We are waiting to serve you.

Faithfully yours,

David Burpee

EARLY SINGLE TULIPS

Outdoors: These are the first Tulips to come into bloom early in the spring, and they are planted extensively in beds, borders, or clumped together among perennials and in the foreground of shrubbery. They may be had in a magnificent assortment of bright colors. Ask for the Burpee leaflet, "Bulbs for Winter and Spring Blooming," which gives complete planting directions.

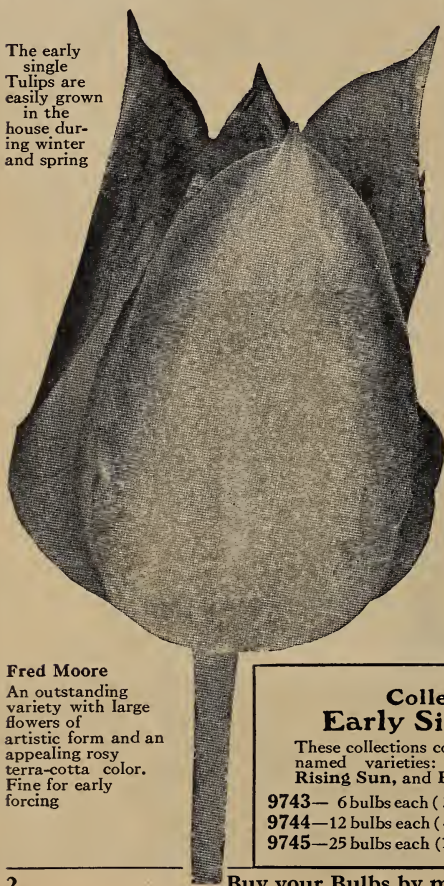

9106 Belle Alliance Showy brilliant scarlet blooms of excellent size, well-rounded form, and carried on strong substantial stems. The richness of the color has made this a very popular variety for both bedding and forcing. 6 for 35¢; 12 for 65¢; 50 for \$2.45; 100 for \$4.75.

9108 Chrysolora Clear golden yellow blooms of a richness and brilliancy that is hard to surpass. The blooms are large, of globular shape, and excellent for bedding purposes. A stately variety, growing 11 inches tall. 6 for 35¢; 12 for 65¢; 50 for \$2.45; 100 for \$4.75.

9105 Couleur Cardinal Large flowers of a velvety crimson-cardinal color with yellow in the center and shaded plum on the outside. 6 for 35¢; 12 for 65¢; 50 for \$2.45; 100 for \$4.75.

9109 Crimson Brilliant Rich glowing crimson-scarlet flowers carried on fine strong stems. An excellent garden and forcing variety, growing 14 inches tall. 6 for 35¢; 12 for 60¢; 50 for \$2.10; 100 for \$4.00.

The early single Tulips are easily grown in the house during winter and spring

Fred Moore
An outstanding variety with large flowers of artistic form and an appealing rosy terra-cotta color. Fine for early forcing

In the House: The early single Tulips are grown extensively in pots or pans for indoor blooming. They make the best display if planted not less than six bulbs in a shallow pan, one variety to the pan, to be sure that they will bloom at the same time. The flowers are supported by strong stems and they bloom for a long time.

9110 De Wet This is a most outstanding early single Tulip which is always greatly admired because the flowers are of extra large size, massive, and substantial. It is a golden yellow attractively shaded with deep orange. The sweet-scented blooms are particularly suited for forcing. Grows 14 inches tall. 6 for 85¢; 12 for \$1.60; 50 for \$6.10; 100 for \$12.00.

9111 Diana We consider this the best early single white Tulip in existence. The flowers are remarkably large, solid, and pure white. They are excellent for bedding or forcing. 6 for 35¢; 12 for 60¢; 50 for \$2.10; 100 for \$4.00.

9114 Fire Prince (Prince of Austria) A popular variety with bright fiery orange-scarlet flowers with a rich yellow base. A strong grower, fine for the garden and used extensively for forcing; 15 inches tall. 6 for 35¢; 12 for 65¢; 50 for \$2.35; 100 for \$4.50.

9120 Keizerskroon One of the most popular and showiest of all Tulips, with a broad edge of rich golden yellow around a vivid crimson-scarlet blotch; 16 inches tall. 6 for 45¢; 12 for 85¢; 50 for \$3.10; 100 for \$6.00.

9115 Flamingo Rich deep rose flowers with a distinct white stripe through the center of each petal. The color is rich yet delicate. Flamingo is a popular variety for garden display and for winter forcing. Grows 13 inches tall and makes a wonderful show. 6 for 35¢; 12 for 65¢; 50 for \$2.35; 100 for \$4.50.

9122 L'Esperance This magnificent early Tulip has large well-formed flowers of a bright rosy lilac, edged white. A truly exquisite variety of strong and sturdy growth. 6 for 35¢; 12 for 65¢; 50 for \$2.35; 100 for \$4.50.

9131 Rose Luisante A fine satiny rose—a most appealing shade. Good for forcing and the open ground; 13 inches tall. 6 for 40¢; 12 for 70¢; 50 for \$2.60; 100 for \$5.00.

9129 Rising Sun This deep golden yellow Tulip has handsome flowers of enormous size. Fine for bedding or forcing; 16 inches tall. 6 for 45¢; 12 for 85¢; 50 for \$3.10; 100 for \$6.00.

9113 Fred Moore Terra-cotta with a rosy sheen, shaded old gold on the edges. Sweet scented, fine for forcing; 15 inches tall. 6 for 35¢; 12 for 60¢; 50 for \$2.10; 100 for \$4.00.

9139 Yellow Prince A very fine yellow, sometimes streaked with dull orange and terra-cotta. A useful bedding and forcing variety. 6 for 35¢; 12 for 65¢; 50 for \$2.45; 100 for \$4.75.

Collections of Early Single Tulips

These collections contain the following four named varieties: Diana, Keizerskroon, Rising Sun, and Rose Luisante.

9743— 6 bulbs each (24 bulbs, value \$1.65), \$1.40
9744—12 bulbs each (48 bulbs, value 3.00), 2.50
9745—25 bulbs each (100 bulbs, value 5.65), 4.75

9145 Early Single Mixed

A grand mixture of all the bright and showy colors described. 6 for 30¢; 12 for 50¢; 25 for 95¢; 50 for \$1.85; 100 for \$3.50; 500 for \$16.50; 1000 for \$32.00.

DARWIN TULIPS

Outdoors: The Darwin Tulips come into bloom after the Early Single varieties have finished flowering. They are stronger in growth, a few inches taller, and the flowers are considerably larger. The Tulip lover should plant large quantities of this type to continue the display after the Early Single Tulips have passed their prime. Darwin Tulips are easily grown and they look well if planted in formal beds, or grouped irregularly among shrubbery or perennials.

In the House: For forcing indoors, the Darwin Tulips are unsurpassed. They bloom shortly after the Early Single varieties, and their fine range of good colors greatly adds to the number of colors that can be had at that season.

9153 Afterglow A late flowering Darwin Tulip with beautiful bright rosy orange flowers, shaded salmon at the edges. The inside of the petals is rich orange; 26 inches tall. 6 for 40¢; 12 for 70¢; 50 for \$2.60; 100 for \$5.00.

9150 Baron de la Tonnaye Bright rose, margined with delicate blush-rose. It is an excellent forcing variety and also fine for outdoors. 28 inches tall. 6 for 30¢; 12 for 55¢; 50 for \$1.95; 100 for \$3.75.

9160 Bartigon A rich fiery red flower with a pure white base. A very showy variety. Good for forcing. Blooms quite early and grows about two feet tall. 6 for 30¢; 12 for 55¢; 50 for \$1.95; 100 for \$3.75.

9155 Bleu Aimable A most charming Darwin Tulip. Bright violet-purple with a cast of clear steel-blue. The inside of the petals is dark violet-purple showing a distinct blue base. 6 for 35¢; 12 for 60¢; 50 for \$2.05; 100 for \$4.00.

9154 Clara Butt The large flowers are clear bright pink, tinted with salmon-rose, and marked blue at the base. Clara Butt is an excellent bedding variety; 23 inches tall. 6 for 30¢; 12 for 50¢; 50 for \$1.85; 100 for \$3.50.

9158 Centenaire An early variety with violet-rose blooms. Easily forced and wonderful for the garden. Large flowers carried on stems 30 inches tall. 6 for 35¢; 12 for 60¢; 50 for \$2.20; 100 for \$4.25.

9163 City of Haarlem Extremely large blooms of a brilliant carmine color, with a steel-blue base and a white halo. Carried on stems 30 inches tall. 6 for 55¢; 12 for \$1.00; 50 for \$3.85; 100 for \$7.50.

9156 Dream Bright Heliotrope with a deep violet hue on the inside and bright blue base. 22 inches tall. 6 for 35¢; 12 for 60¢; 50 for \$2.20; 100 for \$4.25.

9157 Euterpe This bright lilac variety is an outstanding color. Large flowers of excellent form; 21 inches tall. 6 for 35¢; 12 for 65¢; 50 for \$2.35; 100 for \$4.50.

9159 Flamingo The flowers are large and well formed. The color of the blooms is a pleasing and luminous shade of shell-pink; 22 inches tall. 6 for 35¢; 12 for 65¢; 50 for \$2.35; 100 for \$4.50.

9172 Farncombe Sanders The flowers are fiery rose-scarlet on the outside. The inside is vivid cherry-scarlet, showing a blue base and shading into white at the very bottom. A bold and impressive flower; 27 inches. 6 for 30¢; 12 for 55¢; 50 for \$1.95; 100 for \$3.75.

9166 Giant Enormous flowers carried on strong stems. The blooms are a deep reddish purple. This looks its best if planted in the semi-shade, where the color will make a glorious appeal. Grows about 29 inches tall. 6 for 40¢; 12 for 70¢; 50 for \$2.60; 100 for \$5.00.

9162 Gretchen (Margaret) Pale silvery rose, flushed with silvery white. The inside of the petals is soft pink, shaded with white and showing a distinct blue blotch near the base. The stately flowers are carried on strong stems 23 inches tall. 6 for 30¢; 12 for 55¢; 50 for \$1.95; 100 for \$3.75.

9164 Isis A magnificent Tulip of a richness and brilliancy which has made it popular with many gardeners. The flowers are fiery crimson-scarlet with a blue base and a white halo. Easily forced and excellent for the garden; 26 inches tall. 6 for 35¢; 12 for 65¢; 50 for \$2.35; 100 for \$4.50.

9167 Jubilee A main-season Darwin Tulip with bright blue-purple flowers and a white base marked with blue. This is highly valued because it will grow to extra large size; 31 inches tall. 6 for 50¢; 12 for 90¢; 50 for \$3.45; 100 for \$6.75.

9168 La Tulip Noire A quaint dark velvety maroon color, so dark that it appears almost black. This is not merely a curiosity—it is a flower of excellent size and good form. If planted against a lighter background, or in combination with bright colors, it never fails to attract favorable attention; 24 inches tall. 6 for 40¢; 12 for 70¢; 50 for \$2.60; 100 for \$5.00.

9171 King George V This splendid newer Darwin Tulip can now be had at a quite reasonable price. The huge flowers are carried on strong and substantial stems. They are bright carmine-red—a color which makes an attractive show in the garden; 26 inches tall. 6 for 85¢; 12 for \$1.60; 50 for \$6.10; 100 for \$12.00.

Gretchen—Silvery rose

9165 King Harold Deep rich crimson-red with a sharply contrasting white base. The combination is most artistic and impressive. One of the most vigorous of all Tulips, with massive, well-formed flowers, 24 inches tall. 6 for 30¢; 12 for 55¢; 50 for \$1.95; 100 for \$3.75.

9169 Loveliness An excellent variety with flowers of very good size. The color is a lovely soft carmine-rose—a warm and yet brilliant shade with a great appeal. The plants are strong and carry the blooms on long heavy stems. A planting of this is truly a magnificent sight. 6 for 35¢; 12 for 60¢; 50 for \$2.20; 100 for \$4.25.

9170 Madame Krelage The graceful flowers are bright lilac-rose, shading to silvery rose on the edges of the petals. The inside of the flower is deep rose-pink. Plant it in large beds, or use it clumped among the shrubbery or in the perennial bed to get the best effect; 27 inches tall. 6 for 30¢; 12 for 55¢; 50 for \$1.95; 100 for \$3.75.

(600 bulbs, value \$22.75)

9760—Two hundred fifty each 37.50
(1500 bulbs, value \$53.25)

9181 Professor Rauwenhof The petals are bright cherry-red with a glistening scarlet suffusion on the inside. Sharply contrasting with this color is the ivory-white base marked with a bright blue star. Professor Rauwenhof is a decidedly popular Darwin Tulip, as its color is distinct and showy. Its richness of color and massive appearance make it suited for both garden display and forcing indoors. The flowers are large, of very good form, and composed of heavy petals. Grows 28 inches tall. 6 for 30¢; 12 for 55¢; 50 for \$1.95; 100 for \$3.75.

9174 Pride of Haarlem They are most beautiful in the border or among shrubbery. Bright rosy carmine with a blue base. It is a cheerful and charming color which goes well with the bold, massive flowers. The tall-stemmed flowers are agreeably sweet scented; 27 inches tall. 6 for 35¢; 12 for 60¢; 50 for \$2.05; 100 for \$4.00.

9184 Rev. Ewbank See illustration. A delicate combination of lavender-violet, flushed with dove-gray, deepening somewhat toward the lower part of the petals and relieved by the contrasting white base. This combination represents a most desirable shade. The blooms are large, of exquisite form, and very artistic appeal. A strong, sturdy grower of uniformly large size; 24 inches tall. 6 for 35¢; 12 for 60¢; 50 for \$2.20; 100 for \$4.25.

9178 Roi de Islande (Matchless) A soft clear rose with a faint violet sheen and a narrow margin of pale rose. Enormous flowers carried on strong, stiff stems. An extra fine forcing variety and beautiful for the border. Grows 20 inches tall. 6 for 45¢; 12 for 85¢; 50 for \$3.10; 100 for \$6.00.

9189 White Queen (La Candeur) See illustration. Upon opening, the flowers show a slight tinge of rose, but when fully expanded they are practically white. White Queen is fine for outdoors, planted in beds or borders, or for winter and spring flowering indoors; 30 inches tall. 6 for 35¢; 12 for 65¢; 50 for \$2.35; 100 for \$4.50.

9192 Zulu Rich velvety purple-black flowers with a brilliant purple edge. The blooms are large, egg shaped, and are fine for forcing or the garden. Height, 27 inches. 6 for 35¢; 12 for 65¢; 50 for \$2.35; 100 for \$4.50.

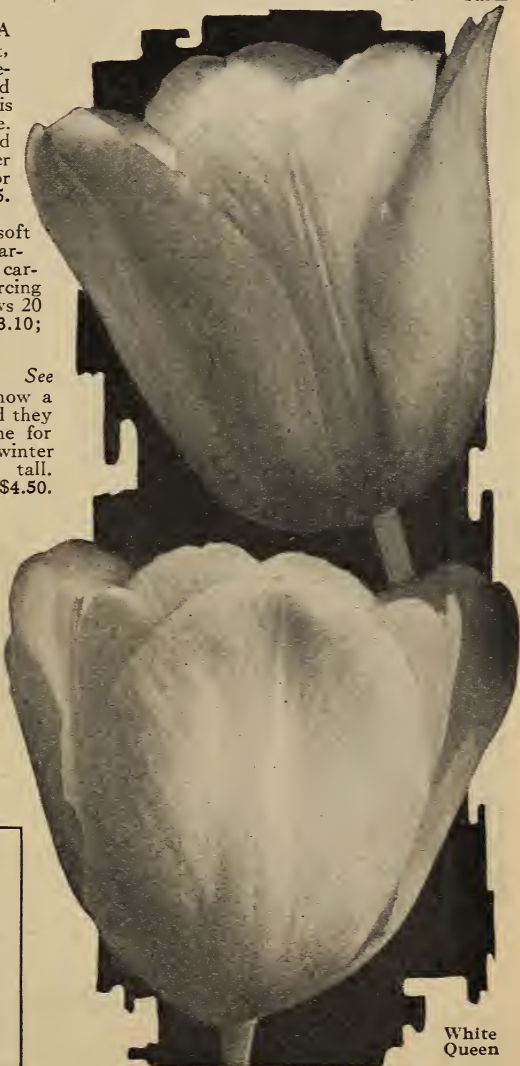

9193 Darwin Tulips Mixed Our mixture contains a wide range of colors. Many gardeners love variety of color, particularly in the spring garden, and we offer a mixture of Darwin Tulips which will make a fine showing. 6 for 25¢; 12 for 45¢; 50 for \$1.60; 100 for \$3.00; 500 for \$13.75; 1000 for \$25.00.

9177 Princess Elizabeth A clear deep pink, shading to rose-pink, with a white base. One of the finest Darwin Tulips in this color class and highly valued for both borders and forcing; 28 inches tall. 6 for 35¢; 12 for 60¢; 50 for \$2.05; 100 for \$4.00.

9176 Princess Juliana Artistic flowers of immense size. The color is an intense scorching orange-scarlet relieved by a white base. The richness of color is particularly effective if planted in masses; 26 inches tall. 6 for 40¢; 12 for 70¢; 50 for \$2.60; 100 for \$5.00.

9175 Prince of the Netherlands Bright fiery scarlet, flushed with rich salmon-rose. This combination is enlivened by a showy white mid-rib which runs from the blue base to the tips of the petals; 27 inches tall. 6 for 40¢; 12 for 70¢; 50 for \$2.60; 100 for \$5.00.

BREEDER TULIPS

Of all Tulips the Breeders are without question the most striking. With their tall majestic growth and truly enormous blooms, they are rivals to the finest of the Darwins. But it is their rich coloring which places them in a class by themselves—old gold and bronze, crushed strawberry and purple, terra-cotta and salmon, and other rare combinations of odd shades are represented.

Apricot

9252 Apricot See illustration. Ruddy apricot, edged with a bronzy buff seam. The base of the petals is yellow, shading into an olive halo. A magnificent flower of a quaint and artistic color combination. Those who like the unusual will include this showy and free-blooming variety in their plantings; 25 inches tall. 3 for 27¢; 6 for 50¢; 12 for 90¢; 50 for \$3.35; 100 for \$6.50.

9255 Bronze Queen An attractive buff shade, tinged with apricot and golden bronze on the inside. The flowers are remarkably large, carried on long and strong stems. It is excellent for forcing or bedding. Of artistic proportions, substantial in texture, and of massive appearance. The stately flowers are held erect on long and strong stems; 26 inches tall. 3 for 19¢; 6 for 35¢; 12 for 60¢; 50 for \$2.20; 100 for \$4.25.

9257 Cardinal Manning Magnificent large flowers of a dull wine-red, flushed rosy brown. A most impressive and stately variety, widely known and planted very extensively; 24 inches tall. 3 for 24¢; 6 for 45¢; 12 for 80¢; 50 for \$2.95; 100 for \$5.75.

9261 Don Pedro A beautiful tint of coffee-brown, shaded maroon. The inside of the magnificent flowers is rich mahogany. A good fragrant forcing variety; 23 inches tall. 3 for 29¢; 6 for 55¢; 12 for \$1.00; 50 for \$3.85; 100 for \$7.50.

9264 Feu Ardent See illustration. Large cup-shaped blooms of a rich shade of brilliant fiery red borne on fine long stems. Of immense size, sturdy habit, and showy appearance; 25 inches tall. 3 for 29¢; 6 for 55¢; 12 for \$1.00; 50 for \$3.85; 100 for \$7.50.

9269 Godet Parfait Deep purple-violet with white base. The flowers are very large massive, and of well-rounded form; 26 inches tall. 3 for 27¢; 6 for 50¢; 12 for 90¢; 50 for \$3.45; 100 for \$6.75.

9270 Golden Bronze Old gold flushed with Heliotrope on the outside of the petals. The inside is rich mahogany-brown with a contrasting deep yellow base; 25 inches tall. 3 for 20¢; 6 for 35¢; 12 for 65¢; 50 for \$2.45; 100 for \$4.75.

9274 Lucifer Dark orange blooms with a rosy cast and scarlet-orange edge; the flowers show a yellow base inside; 28 inches tall. 3 for 37¢; 6 for 70¢; 12 for \$1.35; 50 for \$5.10; 100 for \$10.00.

9275 Louis XIV Dark purple, edged with golden bronze. No other Breeder Tulip can compare with Louis XIV in size of flower, length of stem, and sturdiness of growth. A magnificent flower; 28 inches tall. 3 for 24¢; 6 for 45¢; 12 for 80¢; 50 for \$2.95; 100 for \$5.75.

COTTAGE TULIPS

9202 Ambrosia Salmon-flesh with large yellow center, edged green and flushed salmon-carmine. An outstanding variety. 6 for 90¢; 12 for \$1.75; 50 for \$6.60; 100 for \$13.00.

9205 Carnation This is the Old-English picotee with snow-white blooms, changing to carmine-rose as they open. A wonderful flower of excellent size, carried on fine long stems. A very showy flower. 6 for 30¢; 12 for 55¢; 50 for \$1.95; 100 for \$3.75.

9206 Fairy Queen Soft rosy lilac flowers with a margin of bright amber-yellow. The combination of colors is quaint and artistic. The blooms are of large size and very good form. Of stately habit; 20 inches tall. 6 for 30¢; 12 for 55¢; 50 for \$1.95; 100 for \$3.75.

9209 Gesneriana Lutea A handsome tall Tulip with large well-shaped brilliant yellow flowers. Makes a fine show. 6 for 30¢; 12 for 55¢; 50 for \$1.95; 100 for \$3.75.

9210 Gesneriana Major This is a lovely variety with rich crimson-scarlet flowers having a brilliant blue base. The flowers are made up of long narrow petals; 23 inches tall. 6 for 30¢; 12 for 55¢; 50 for \$1.95; 100 for \$3.75.

9208 Grenadier Dazzling orange-scarlet flowers of fine form and heavy substance. This is particularly brilliant and showy. 6 for 35¢; 12 for 65¢; 50 for \$2.35; 100 for \$4.50.

The May flowering or Cottage Tulips resemble in general habit and growth the Darwins. They also bloom at the same time. This is an advantage because it permits the planting of both types together in a bed and having the varieties in bloom all at the same time. As bedders, to be planted either alone or in clumps placed in the foreground of shrubbery or in the perennial bed, they are unsurpassed. They are also planted extensively for winter blooming because they are easily forced and grow very large.

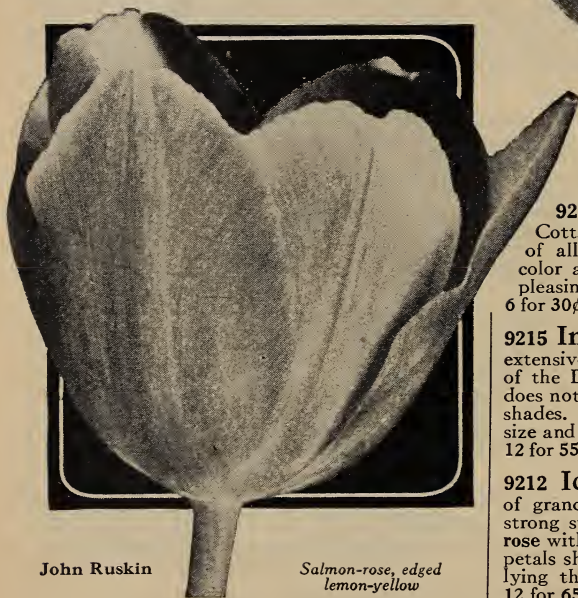

Inglescomb Pink
An exceptionally fine variety

9214 Inglescomb Pink This lovely Cottage Tulip is one of the most popular of all Giant Tulips because of its attractive color and excellent habit. The flowers are a pleasing soft rosy pink; grows 20 inches tall. 6 for 30¢; 12 for 55¢; 50 for \$1.95; 100 for \$3.75.

9215 Inglescomb Yellow This is planted extensively together with all the different colors of the Darwin varieties because the latter class does not contain any moderately priced yellow shades. The golden yellow flowers are of largest size and perfect form. 19 inches tall. 6 for 30¢; 12 for 55¢; 50 for \$1.95; 100 for \$3.75.

9212 Idyll A charming variety with blooms of grand size, heavy texture, and carried on strong stems. The color is a rich yet delicate rose with a fine satiny sheen. On the inside the petals show an excellent salmon-pink cast overlying the rose-pink ground color. 6 for 35¢; 12 for 65¢; 50 for \$2.35; 100 for \$4.50.

9221 Moonlight This excellent variety is a lovely shade of soft canary-yellow. The flowers are of an oval shape with the outer petals reflexing at the tips. Also grown extensively for late forcing indoors. The flowers look their best when the petals recurve completely, forming a beautiful and graceful star of rare beauty. 6 for 35¢; 12 for 65¢; 50 for \$2.35; 100 for \$4.50.

John Ruskin

Salmon-rose, edged
lemon-yellow

9216 John Ruskin See illustration. Mammoth flowers carried on strong stems. The color of the flowers is a beautiful blend of salmon-rose edged with soft lemon-yellow. The inside of the petals is a rich lilac, shaded rose, with a broad margin of yellow on the inside and a touch of yellow at the base. It is a beautiful variety and a strong grower; 16 inches tall. 6 for 35¢; 12 for 60¢; 50 for \$2.20; 100 for \$4.25.

9220 Mrs. Moon This is an excellent flower of a shape often called Lily Tulip. The blooms when closed are quite long, but when they begin to open the fairly narrow petals spread out so that the flower resembles a typical Lily in form. The color is a **deep lemon-yellow** of great appeal. When the flowers begin to open, just the tips of the petals are reflexed. When fully developed the flower appears as a great star. A free bloomer and strong grower; 25 inches tall. 6 for 40¢; 12 for 70¢; 50 for \$2.60; 100 for \$5.00.

9225 Scarlet Emperor

A most stately and majestic flower, carried on a fine long stem. The color is a brilliant and **glowing scarlet** with the center of the blooms shading into a clear yellow. Scarlet Emperor is a flower of gigantic size and heavy texture. 6 for 40¢; 12 for 75¢; 50 for \$2.70; 100 for \$5.25.

9226 Sirene This is classed as a Lily-flowering variety, as the comparatively narrow petals curve back when the flower begins to open, thereby resembling a Lily in shape. The color is rich **cerise-pink** with a pale pink margin and a white base. 6 for 40¢; 12 for 70¢; 50 for \$2.60; 100 for \$5.00.

9233 Sir Harry This is a very showy and unusually fine shade of soft **lavender-pink**. The inside of the petals is relieved by a yellow base and a steel-blue halo. The flowers are large, with pointed petals and broadened base. They are carried upright on long stems; 26 inches tall. 6 for 40¢; 12 for 75¢; 50 for \$2.70; 100 for \$5.25.

9234 The Fawn A well-shaped flower of wonderful size. When the flowers begin to open they are a lovely and cheerful shade of **rosy amber**. Later, when they open up more fully, they change to a warm cream shade, artistically splashed with a faint delicate shade of rose; 18 inches tall. 6 for 35¢; 12 for 65¢; 50 for \$2.35; 100 for \$4.50.

9236 Cottage Tulips Mixed A fine assortment of all the best Cottage Tulips which will give excellent results. This mixture will give a good show if planted in masses, or clumped amid perennials, or to supplement the planting of shrubs. 6 for 25¢; 12 for 45¢; 50 for \$1.60; 100 for \$3.00; 500 for \$13.75; 1000 for \$25.00.

9229 Picotee (*Maiden's Blush*) Here is a variety of outstanding beauty and great artistic appeal. The shape of the flowers is not unlike that of a Lily. The ground color is **white** with a **broad margin of deep rose**. The graceful habit of the flowers adds to their interesting appeal whether used for garden display or for cutting; 22 inches tall. 6 for 30¢; 12 for 55¢; 50 for \$1.95; 100 for \$3.75.

9223 Orange King This Tulip should be in every garden. Orange King always draws the greatest admiration. It is a lovely flower of extreme size and artistic proportions. Whether planted in beds or borders or used for cut-flowers, Orange King will give entire satisfaction.

The color of the flowers is a glistening **deep orange** with a lovely cast of rose on the outside of the petals. The inside is a deep orange-scarlet relieved by an edge of bright yellow at the base.

This combination of tints has a scintillating sheen in bright sunlight. Orange King is remarkably sweet scented; 19 inches tall. 6 for 30¢; 12 for 55¢; 50 for \$1.95; 100 for \$3.75.

PARROT TULIPS

The Parrot Tulips are of most artistic and quaint form. They are grown outdoors as well as in the house and are highly valued for cut-flowers. The petals of the blooms are lacinated and slashed on the edges. Because the stems are comparatively slender, they should be grown among shrubbery and in the mixed border. As they do not bloom as freely as other Tulips, they should be planted closely together, say, 4 to 5 inches apart, and covered with 2 to 4 inches of soil.

A typical Parrot Tulip

9338 Coffee Color A very striking combination of brown and yellow shades. A most artistic and handsome flower. 6 for 35¢; 12 for 60¢; 50 for \$2.20; 100 for \$4.25.

9339 Cramoisi Brilliant This will appeal to many gardeners, with its large deep crimson flowers. 6 for 35¢; 12 for 60¢; 50 for \$2.20; 100 for \$4.25.

9342 Fantasy Geranium red, edged with carmine-pink and shading to white. Emerald-green marks and spots. A remarkable flower of strong upright growth. 90¢ each; 3 for \$2.50; 6 for \$4.85; 12 for \$9.55.

9343 Lutea Major A clear yellow flower with a few stripes and blotches of crimson and green—very odd and striking. 6 for 35¢; 12 for 60¢; 50 for \$2.20; 100 for \$4.25.

9346 Perfecta A greenish yellow ground attractively striped with light scarlet. This is a very odd combination. 6 for 35¢; 12 for 60¢; 50 for \$2.20; 100 for \$4.25.

9353 Superfine, Mixed A mixture of many outstanding self colors and combinations which are excellent for the mixed border. 6 for 30¢; 12 for 55¢; 50 for \$1.95; 100 for \$3.75; 500 for \$17.50; 1000 for \$34.00.

9750—Twelve each (48 bulbs, value 2.40) 2.00

EARLY DOUBLE TULIPS

The culture of the double varieties is as easy as that of the singles. Planted in pans, they make attractive winter-bloomers and last even longer than the single varieties. They are ideal for outdoor bedding because they make a compact growth and bloom longer than any other type. Of uniform height and massive appearance.

9356 Crown of Gold Rich yellow splashed with orange and red. A glorious flower. 6 for 35¢; 12 for 65¢; 50 for \$2.45; 100 for \$4.75.

9358 Electra An excellent new variety with large double rosy violet blooms. 6 for 50¢; 12 for 90¢; 50 for \$3.45; 100 for \$6.75.

9363 Mr. Van Der Hoeff A beautiful new pure yellow double-flowering Tulip. 6 for 45¢; 12 for 80¢; 50 for \$2.95; 100 for \$5.75.

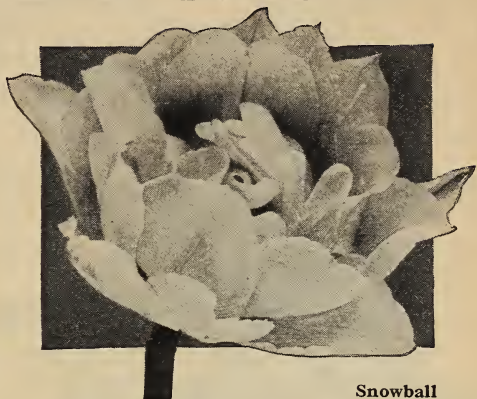

9362 Murrillo White and rose-pink, flushed and streaked; 11 inches tall. 6 for 35¢; 12 for 60¢; 50 for \$2.10; 100 for \$4.00.

9364 Mystery of India Terra-cotta and orange, shaded with pink. 6 for 45¢; 12 for 80¢; 50 for \$2.95; 100 for \$5.75.

9366 Peach Blossom Rose-pink, attractively flushed with white; 12 inches tall. 6 for 45¢; 12 for 80¢; 50 for \$2.95; 100 for \$5.75.

9367 Rubra Maxima A large crimson-scarlet flower; 11 inches tall. 6 for 40¢; 12 for 70¢; 50 for \$2.60; 100 for \$5.00.

Some New and Rare Tulips

9390 Aegir This is an excellent novelty with large flowers of a brilliant orange shaded with cerise. Makes a very attractive display. 3 for 50¢; 6 for 95¢; 12 for \$1.85; 100 for \$14.00.

9201 Argo A fine variety for forcing, a delicate bronze-salmon shade. Grown in the open the blooms are yellow, mottled red, and shading into reddish brown. Of strong, sturdy growth. 3 for 45¢; 6 for 85¢; 12 for \$1.60; 100 for \$12.00.

9397 Clusiana The outer petals are bright cherry-red and the inner ones are creamy white with a violet base. A distinct small-flowered botanical species for the perennial border. Plant 6 to 9 inches deep. Looks best if naturalized. 3 for 25¢; 6 for 45¢; 12 for 85¢; 100 for \$6.00.

9398 Dido Scarlet-carmine, edged salmon-pink, with yellow center. A fine and unusual art shade. 3 for 75¢; 6 for \$1.40; 12 for \$2.65; 100 for \$20.00.

9392 Dulcinea A robust round flower of a glowing orange-red on the inside with a yellow and green base. The outside is vivid red. 3 for 50¢; 6 for 90¢; 12 for \$1.70; 100 for \$12.50.

9213 Marvel A decidedly sweet-scented variety of recent introduction. The inside of the petals is old gold and the outside is rose edged with yellow. Fine for forcing or for the garden, growing 25 inches tall. 3 for 50¢; 6 for 95¢; 12 for \$1.85; 100 for \$14.00.

9211 Nectar A very effective garden Tulip of a fiery crimson color with a pure white base. The petals are slightly reflexed. Fine for the garden and excellent for early forcing. 3 for 34¢; 6 for 65¢; 12 for \$1.20; 100 for \$9.00.

9332 Vesta This is a wonderful novelty with long stems. Strong flowers of a pure white texture. It has proven to be a very good early forcing variety. 3 for 37¢; 6 for 70¢; 12 for \$1.35; 100 for \$10.00.

Collections of Rare Tulips

Burpee's Giant Hyacinths

**Giant Bulbs
for Forcing in the House
or Planting in the Garden**

Hyacinths are easily grown outdoors in beds or borders. Fall-planted bulbs protected by a two-inch layer of straw, leaves, or well-rotted manure will bloom freely the following April. For winter blooming in the house, place the bulbs in pots or pans filled with soil, and keep dark and cool for 6 to 8 weeks before placing in a light, warm room.

Enchantress

9005 Enchantress A lovely variety with long-stemmed attractive flower-spikes. The individual bells are closely set on a strong stem. They are a beautiful light delft-blue, shaded with somewhat deeper blue.

9011 Gertrude Magnificent compact trusses, closely set with rich carmine-rose bells. This is a favorite variety for outdoor bedding, because the plants make a splendid uniform growth, and bloom all at one time. Easily forced for winter blooming.

9008 Grand Maitre A glorious spike of large bells closely set on a long and strong stem. The color is a rich deep porcelain blue of unusual appeal. Excellent for bedding and for forcing.

9010 King of the Blues This outclasses all other deep blue varieties on account of its purity and richness of color. The flower-spikes are long and fully set with large bells.

9015 Lady Derby Clear rich rose blooms forming a solid and strong spike of color. Grown indoors, the flowers are a shade deeper in color. A magnificent free-blooming variety.

9020 La Victoire One of the earliest of all Hyacinths to come into bloom. The flowers are brilliant scarlet. When grown indoors they have a tendency to be lighter.

9024 L'Innocence Magnificent white bells of extra large size, gracefully arranged into a fine, sturdy truss on a substantial and long stem. This makes a beautiful display.

9028 Marconi This variety produces flowers just a shade deeper than Lady Derby. It is a bright deep rose, attractively flushed with white. Highly recommended, particularly for outdoor planting.

9032 Yellow Hammer Quite a good deep shade of creamy yellow. This variety is easily forced and forms compact long showy flower-spikes.

Any of the above:

9717—Six bulbs each .. (30 bulbs, value 5.25), **4.25**

9718—Twelve bulbs each (60 bulbs, value 10.00), **8.00**

Extra Large Size Hyacinth Bulbs

There are many gardeners and professional florists who like to plant these extra large size bulbs, claiming that they can get larger size spikes. It is our experience that quite often these extra large size bulbs will produce two flower-spikes from one bulb. For those who grow Hyacinths in glasses filled with water this size is highly recommended, as it gives particularly good results under this cultural treatment.

- 9004 **Enchantress** Light delft-blue
- 9006 **Gertrude** Rich carmine-rose

Hyacinths By Colors

Where Hyacinths are planted among perennials or in the foreground of shrubbery our assortment, listed by shades, will provide excellent material. It gives the gardener an opportunity to make a fine showing at a very reasonable price. The slight variation of tones in each class adds a very agreeable variety, and gives the planting a decidedly natural effect. Of course, there is no reason why any gardener should restrict himself to just one shade.

12 for \$1.60; 100 for \$12.00.

9036 Hyacinths, All Colors Mixed

While beds and borders, arranged either in a natural and care-free effect or in straight lines, planted with Hyacinths according to color, are very effective, we know, however, that many gardeners prefer a wide range of colors for mixed planting. This is more or less a matter of personal choice, but we can assure all who plant our mixture that they will have a wonderful display from it.
15¢ each; 3 for 40¢; 6 for 75¢; 12 for \$1.45; 100 for \$11.00.

Miniature Hyacinths

Very attractive Hyacinths of miniature size and graceful appearance. The single blooms are set on rather slender stems. These Hyacinths are very fine for potting during winter, placing the bulbs quite closely together, or they may be planted outdoors 4 to 5 inches apart. They are entirely hardy and bloom profusely early in the season. Their graceful habit makes them particularly valuable for this purpose.

- 9040 **Enchantress** A lovely light delft-blue, shaded with a harmonizing deeper shade of blue. Very graceful.
- 9042 **King of the Blues** The rich dark blue bells are carried on fine slender stems. Blooms very profusely.
- 9046 **Lady Derby** Clear rose-pink flowers that make a good showing whether grown outdoors or in the house.
- 9049 **La Victoire** An excellent brilliant scarlet variety, which is somewhat lighter if grown in the house.
- 9052 **L'Innocence** We consider this the very best of all white Hyacinths. Bears a profusion of waxy white bells.

Any of the above: 13¢ each; 3 for 34¢; 6 for 65¢;
12 for \$1.20; 100 for \$9.00.

- 9055 **Miniature Mixed** This is a complete mixture of all the various colors of Miniature Hyacinths.
12¢ each; 3 for 32¢; 6 for 60¢; 12 for \$1.10; 100 for \$8.00.

NARCISSUS and DAFFODILS

Emperor

This valuable class of spring flowering bulbs should be represented in every garden. With the exception of Paper White and Soleil d'Or, they are perfectly hardy and may be left in the ground for many years. In the house they are easily grown in pots, pans, or boxes without the need of a greenhouse. Write for the free Burpee Leaflet, "Bulbs for Winter and Spring Blooming."

9418 Van Waveren's Giant A large bold flower with a soft Primrose perianth and a large, attractively waved golden yellow trumpet; 17 inches tall. 33¢ each; 3 for 90¢; 6 for \$1.70; 12 for \$3.25; 25 for \$6.40; 100 for \$25.00.

9420 Victoria The perianth is creamy white and the trumpet is rich yellow. Fragrant; 16 inches tall. 18¢ each; 3 for 50¢; 6 for 95¢; 12 for \$1.80; 25 for \$3.50; 100 for \$13.50.

Medium Trumpet

9426 Barrii Conspicuous Light yellow perianth. The cup is rich yellow, edged orange-scarlet. 20 inches. 13¢ each; 3 for 34¢; 6 for 65¢; 12 for \$1.20; 25 for \$2.35; 100 for \$9.00.

9428 White Lady A broad white perianth with a daintily crinkled cup of pale canary-yellow. 13¢ each; 3 for 35¢; 6 for 65¢; 12 for \$1.25; 25 for \$2.45; 100 for \$9.50.

9438 Sir Watkin Sulphur-yellow perianth and a bright yellow cup tinted orange. Hardy; 20 inches tall. 18¢ each; 3 for 50¢; 6 for 95¢; 12 for \$1.80; 25 for \$3.50; 100 for \$13.50.

9429 Lucifer A fine white perianth and a medium trumpet of a glistening orange-red. 14¢ each; 3 for 37¢; 6 for 70¢; 12 for \$1.35; 25 for \$2.60; 100 for \$10.00.

9431 Mrs. Langtry A broad white perianth and a large white cup, beautifully edged with yellow. 12¢ each; 3 for 32¢; 6 for 60¢; 12 for \$1.15; 25 for \$2.20; 100 for \$8.50.

Double Trumpet
Narcissus, Von Sion

Double Trumpet Narcissus

9446 Primrose Phoenix An appealing double Daffodil of a large rose shape. The color is a fine lemon-Primrose—soft and pleasing. Very showy flowers of magnificent size. 22¢ each; 3 for 60¢; 6 for \$1.15; 12 for \$2.15; 25 for \$4.15; 100 for \$16.00.

9445 Von Sion This fine Double Trumpet variety has large flowers of a lovely golden yellow color. One of the best for forcing, since the large flowers last a long time in water. Also good for the open border; 12 inches tall. 20¢ each; 3 for 55¢; 6 for \$1.05; 12 for \$2.00; 25 for \$3.85; 100 for \$15.00.

9460 Paper White (Polyanthus)

These American grown bulbs are the best obtainable. They can be depended upon to give good results but should not be planted before the end of November. This large-flowered Paper White variety is quite often referred to as "Chinese Sacred Lily," which it closely resembles. The clusters of blooms contain 6 to 12 flowers each and are carried on long stems. Easily grown in water and pebbles during the winter. 6 for 65¢; 12 for \$1.20; 25 for \$2.35; 100 for \$9.00; 500 for \$43.50; 1000 for \$85.00.

9456 Poeticus Ornatus Perfectly hardy, beautiful, and sweet-scented flowers produced early in the spring. The blooms measure 2 to 2½ inches in diameter and the perianth is a pure white, sharply contrasting with the cup, which is a rich saffron-yellow, edged bright crimson. Excellent for mass planting among shrubs and easily grown in pots indoors. Fine for cutting; 18 inches tall. 3 for 37¢; 6 for 70¢; 12 for \$1.35; 25 for \$2.60; 100 for \$10.00.

9453 Horace (Poeticus) A broad snow-white perianth, with a large cup edged with brilliant scarlet-red. A very beautiful variety. Perfectly hardy. Gives a wonderful display in the garden planted alone or in massed beds. 3 for 55¢; 6 for \$1.05; 12 for \$2.00; 25 for \$3.85; 100 for \$15.00.

9458 Pheasant's Eye (Poeticus) The large flowers have a snow-white perianth and the cup is edged scarlet. It should be planted in rather dry soil, since the plants do not bloom profusely if kept too wet. 3 for 32¢; 6 for 60¢; 12 for \$1.15; 25 for \$2.20; 100 for \$8.50.

9452 Elvira (Poetaz) Good-sized flowers borne in clusters of from 2 to 6 on a strong stem. The perianth is pure white and the cup is a contrasting rich yellow color. This variety grows about 18 inches tall and is well adapted for outdoor planting or for growing in the house during the winter. Extremely hardy, vigorous, and valuable for bedding or forcing. 3 for 45¢; 6 for 85¢; 12 for \$1.60; 25 for \$3.10; 100 for \$12.00.

9474 Mixed Daffodils

Many of our friends have requested us to furnish them with a mixture of Narcissis which could be used for mass planting in the garden, the woodland, or the meadow. Our mixture contains all hardy varieties suited for this purpose. The plants will multiply from year to year and give the natural effect so much desired. 6 for 50¢; 12 for 95¢; 25 for \$1.85; 100 for \$7.00; 500 for \$33.50; 1000 for \$65.00.

Collections of Four Large Daffodils

These collections contain the following large-flowering varieties described on these two pages: Emperor, Von Sion, Sir Watkin, and Poeticus Ornatus.

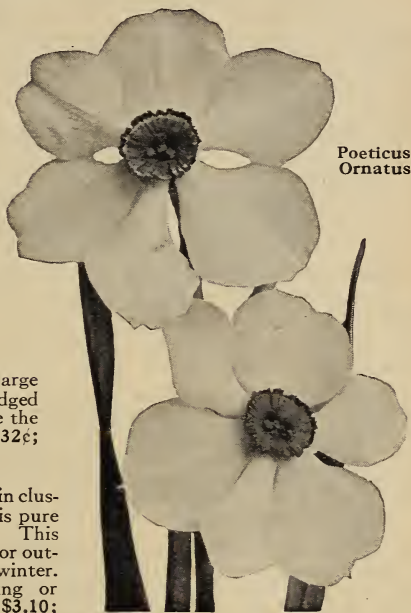

9724—Three bulbs each, for . . . \$1.75
(12 bulbs, value \$1.92)

9725—Six bulbs each, for . . . 3.25
(24 bulbs, value \$3.65)

9726—Twelve bulbs each, for . . . 6.00
(48 bulbs, value \$6.95)

9727—Twenty-five bulbs each, for 12.00
(100 bulbs, value \$13.45)

9459 Soleil d'Or (Polyanthus) This attractive variety is as free blooming as Paper White and carries fine heads of intense yellow blooms. The small cup in the center of each bloom is of a contrasting orange color. Excellent for forcing during the winter in water or soil and can be naturalized if planted deeply where the winters are mild. Delicately sweet-scented and excellent as a cut-flower. 3 for 55¢; 6 for \$1.05; 12 for \$2.00; 25 for \$3.85; 100 for \$15.00.

Poeticus
Ornatus

9454 Helios (Poetaz) The flowers are arranged in clusters on fine long stems. They are a pure golden yellow color. Blooms early and freely. Excellent for forcing in the house and, being very hardy, valuable for planting in the open. Planted in clumps among perennials or shrubbery, a very fine display can be created. 3 for 50¢; 6 for 95¢; 12 for \$1.80; 25 for \$3.50; 100 for \$13.50.

9455 Laurens Koster (Poetaz) A valuable Narcissus which is perfectly hardy and makes a fine show, with its pure white petals surrounding a delicate orange cup. Like all varieties belonging to the Poetaz type, Laurens Koster carries 2 to 6 large flowers on a single stem. 3 for 45¢; 6 for 85¢; 12 for \$1.60; 25 for \$3.10; 100 for \$12.00.

9463 Single Campernelle (Jonquilla)

This type of Narcissus is well known under the name Jonquils. The small graceful blooms are carried on slender stems about 1½ feet tall. Perfectly hardy and free flowering, with 2 to 6 flowers of delicate perfume clustered on a single stem. The blooms are a bright golden yellow color. Jonquils are wonderful for naturalizing in the woodland or the meadow, but they are just as easily forced in pots for winter blooming. Plant the bulbs quite closely together but avoid touching one another. The dark green rush-like foliage is decidedly attractive and the mass of blooms in close plantings gives a wonderful effect early in the spring. 3 for 32¢; 6 for 60¢; 12 for \$1.15; 25 for \$2.20; 100 for \$8.50.

PEONIES

What looks prettier than a well-grown Peony plant covered with a mass of gigantic flowers? The Peony comes into bloom at that time of the year which makes it an extremely desirable flower for use in connection with our national holiday, Memorial Day. With ordinary care the plants will bear their massive, fully double flowers in great profusion from year to year. Plant the roots during August, September, or early October in a bed well prepared and enriched with plenty of well-rotted manure. Cover the crowns with not more than 2 inches of good soil. The flowers, when cut, will last a long time in water. Most varieties as soon as they begin to open up are exquisitely scented and those offered below are the best in their color classes. Write for a free copy of the Burpee leaflet on "Peonies."

8702 Avalanche This is a crown type Peony classed as a midseason or late bloomer. A first-class variety, with magnificent flowers opening up just like a rosebud. The color is snow-white, with a fine delicate pencilling of carmine on the edge of the center petals. Delightfully fragrant and unsurpassed by any other white Peony in existence. 60¢ each; 3 for \$1.60; 6 for \$3.10; 12 for \$5.85.

8700 Baroness Schroeder A rose type late flowering variety, considered the best all-around Peony in existence. The sweet-scented flowers are extremely large and heavy, lasting remarkably long. The center is high and thick. The general color effect is a lovely baby pink, shading to white, but individual flowers vary a trifle, some of them showing a pinkish, others a salmon, and again others a Heliotrope sheen. \$1.00 each; 3 for \$2.70; 6 for \$5.25.

8705 Duchess de Nemours An early flowering crown type Peony, blooming several days after Festiva Maxima. The magnificent snow-white flowers are cup shaped, with a faint green sheen when the flowers begin to open. Later they are pure clear white. An upright branching grower, producing a mass of lovely fragrant flowers on long stems. 60¢ each; 3 for \$1.60; 6 for \$3.10; 12 for \$5.85.

8706 Edulis Superba Crown type; very early. This is particularly recommended for Memorial Day blooming because it can be depended upon to bloom at that time. The color is a clear mauve-pink with a beautiful silvery sheen cast over it. The blooms are of immense size, often measuring 7 to 8 inches across. Delightfully fragrant. 60¢ each; 3 for \$1.60; 6 for \$3.10; 12 for \$5.85.

8713 Festiva Maxima An early flowering rose type Peony which should be in every garden. Many consider it not only the best white but the best of all early Peonies. The flowers are marvelous in every respect. They are huge, well formed, substantial, and carried on long, strong stems. The color is glistening snow-white with a few carmine dots at the edges of the center petals. Sweet scented. 65¢ each; 3 for \$1.75; 6 for \$3.30; 12 for \$6.00.

8709 Felix Crousse A rose type late midseason Peony, well known because of its rich red self color—a clear shade free from any suffusion. The blooms are large, globular, solid, and substantial. The brilliant dazzling ruby-red blooms make a wonderful show, particularly if seen in bright sunlight. A free grower, producing a wealth of fine showy flowers. 75¢ each; 3 for \$1.90; 6 for \$3.60; 12 for \$6.75.

8708 Germaine Bigot Crown type; midseason. The blooms are large and compact. They are a flattened shape when fully open. The pale lilac-rose petals are thick and substantial. The guards are attractively splashed with crimson. The collar is also splashed with crimson. Germaine Bigot is a free and continuous bloomer of strong upright habit. A wonderful showy and free-blooming variety. 75¢ each; 3 for \$1.90; 6 for \$3.60; 12 for \$6.75.

8707 Georgiana Shaylor A magnificent rose type variety blooming during midseason. This has always been greatly admired and, in fact, it is an outstanding variety, with large, massive blooms composed of many wide petals. The color is a most charming flesh-pink, warm and soft, shading to a very delicate warm flesh-white in the center. It is a strong, vigorous variety, blooming very freely. \$4.50 each; 3 for \$12.00; 6 for \$23.00; 12 for \$45.00.

8712 Jeanne d'Arc Of crown type, blooming during midseason. An extra fine flower which should be in every collection. The color is an appealing soft pink, yet rich and warm, intermingled with a beautiful silvery white shading, and enlivened by an elusive rich rose cast. The center of the flowers is spotted bright carmine. It is a most appealing and stately flower for both the garden and for cutting. 70¢ each; 3 for \$1.80; 6 for \$3.50; 12 for \$6.50.

8720 Karl Rosenfield Of semi-rose type, blooming during midseason. It was awarded first prize in 1908 as the best new Peony not in commerce at that time. Of tall, stately habit with excellent velvety crimson blooms. The form of the flowers is almost round and the effect in bright sunlight is most intense and appealing. Those who like rich shades should include this variety in their collection. \$1.50 each; 3 for \$4.00; 6 for \$7.60; 12 for \$14.75.

8728 Le Cygne This is a most remarkable Peony, and because it is a slow propagator it will always be rare. The full, large blooms are thickly packed with small cup-shaped petals and they are smaller in the center than on the outside. The color is milky white, shading to pure white as the flowers open up fully. Free-blooming plants of medium height but most vigorous and of strong constitution. \$8.50 each; 3 for \$24.00; 6 for \$45.00; 12 for \$86.00.

8730 Madame Ducl Of bomb type, blooming during midseason, with broad guard petals, and the center being a huge ball of finely curved petals. Very large and strong. The color is a glistening lilac-pink with a touch of rosy mauve. Madame Ducl is a free-blooming and strong-growing Peony which makes a wonderful display with its double compact blooms. The showy majestic blooms are carried on fine long stems. 65¢ each; 3 for \$1.75; 6 for \$3.30; 12 for \$6.00.

Festiva Maxima

Four Glorious Peonies

(4 roots, value \$4.90)	
9898—Three each11.50
(12 roots, value 13.10)	
9899—Six each22.50
(24 roots, value 24.95)	

8727 Madame August Dessert

An early midseason Peony with large cup-shaped flowers of perfect form. The petals are of well-rounded shape. It is an extra-fine free-blooming variety of a rich and beautiful flesh tint, with just a touch of bright carmine enlivening the whole flower. The center of the blooms is marked with spots of bright crimson. A strong grower and profuse bloomer. 85¢ each; 3 for \$2.30; 6 for \$4.50; 12 for \$8.50.

8719 Milton Hill

This has always been considered a great variety, belonging to the late-blooming class of Peonies. The petals are of exquisite texture, which goes well with the beautiful shell-pink color of the blooms. It is a flower of magnificent size and excellent form, the petals being crowded together into a massive and majestic flower. It is a valuable variety. \$4.00 each; 3 for \$11.00; 6 for \$21.00; 12 for \$41.00.

8717 Mons. Jules Elie

An early midseason bloomer, belonging to the bomb type. Immense blooms crowded with exquisite petals into a globular, well-rounded flower. The color is a glossy lilac-pink shading to deep rose at the base. There is a glistening sheen overlying the whole flower, adding a brilliant touch to it. A wonderful and popular variety. \$1.00 each; 3 for \$2.70; 6 for \$5.25; 12 for \$10.00.

8716 Mons. Martin Cahuzac

A semi-rose type Peony blooming during midseason. The flowers are large and massive. They are well formed, with the petals crowded together into a full solid ball. The color is a rich deep maroon with a cast of garnet and a metallic black luster. \$3.00 each; 3 for \$8.00; 6 for \$15.50; 12 for \$30.50.

8711 Officialis Rubra fl. pl. Few other varieties of Peonies are as well known as this one. No doubt this is due primarily to the fact that Officialis Rubra fl. pl. comes into bloom about Memorial Day. It is a sturdy and strong Peony, producing heavy, well-shaped blooms on strong stiff stems. The color is a rich deep crimson. It must be seen in bright sunlight to be appreciated. 85¢ each; 3 for \$2.30; 6 for \$4.50; 12 for \$8.50.

8726 Primevere

Blooms during midseason and produces magnificent trusses of fine bomb type blooms. Carried on tall strong stems are excellent solid flowers with broad, sulphur-white outer petals and deep sulphur-yellow falls. Bears a wealth of flowers which are excellent for cutting, even though they lack fragrance. \$3.50 each; 3 for \$9.50; 6 for \$18.50; 12 for \$36.50.

8718 Rubra Superba

Brilliant deep crimson flowers borne very late in the season. A rose type, making a most magnificent show. Much in demand, largely due to the fact that this is the best keeping Peony we have ever seen. The blooms are double, exquisitely fragrant, and excellent for both garden display and for cutting. A vigorous grower. 65¢ each; 3 for \$1.75; 6 for \$3.30; 12 for \$6.00.

8723 Sarah Bernhardt

It is a huge, full, and double flower of the semi-rose type. The petals are large, imbricated, twisted, and fimbriated. The color is a fine apple-blossom-pink. Each petal is tipped with silver-pink and bordered pure white. Agreeably fragrant and very sturdy. \$1.65 each; 3 for \$4.50; 6 for \$8.50; 12 for \$16.50.

8725 Solange

A splendid variety of remarkable size and outstanding beauty. The color is most unusual and rare. It is a blush-white with a salmon center, having a bright coffee-brown sheen with a metallic luster. This makes a wonderful combination with the underlying salmon tone. Full, globular blooms with a crested tuft in the center. It is impossible to portray in words both the exquisite beauty of the flower and its color. \$4.00 each; 3 for \$11.00; 6 for \$21.00; 12 for \$41.00.

8710 Therese

Many writers have expressed themselves in the most glorious terms about this wonderful midseason variety belonging to the rose type. The color is a rich satiny pink with a silky sheen. The flowers are enormous yet well shaped and of good proportions. Wherever it has been exhibited it has always been greatly admired. There are few other varieties that can compare with it in beauty. \$4.00 each; 3 for \$11.00; 6 for \$21.00; 12 for \$41.00.

8722 Umbellata Rosea

Here is a good, very early blooming rose type Peony at a price that makes it available for every garden. Those who want a large showy flower of an appealing color will find Umbellata Rosea very satisfactory. The guards are a lovely violet-rose, shading to amber-white in the center. A strong grower of upright habit, producing a wealth of fine blooms. 60¢ each; 3 for \$1.60; 6 for \$3.10; 12 for \$5.85.

8724 Venus

A fragrant and appealing variety belonging to the crown type. Flowers during midseason and produces a wealth of blooms. The color is delicate shell-pink. Venus makes a strong stately plant and has again and again been chosen as one of the very best Peonies in existence. For cut-flowers it ranks very high. 90¢ each; 3 for \$2.50; 6 for \$4.85; 12 for \$9.25.

8729 Walter Faxon

A rare and beautiful variety that will appeal to the collector who wishes something outstanding. It belongs to the semi-rose type and blooms during midseason. There is something elusive and fascinating about the delicate bright rosy pink flowers. Walter Faxon produces a wealth of well-shaped blooms carried upright on strong stems above the healthy green foliage. The color is refreshing yet delicate and of enchanting beauty. \$5.00 each; 3 for \$14.00; 6 for \$27.00; 12 for \$53.00.

Burpee's Hardy Phlox

The Hardy Phlox belongs to our prettiest and most showy perennials. It is easily grown and thrives well even under adverse conditions of weather and soil. The plants are perfectly hardy and after once being established will become more showy with every year. The plants will spread with each season and make solid clumps, which during flowering time are literally covered with the handsome flower-heads. Hardy Phlox may be used to good advantage in front of shrubbery or among other perennials. The plants are a mass of blooms all during the spring and early summer.

87P59 Europa Europa has always been a great favorite with many gardeners because of its exceptionally showy appearance. It is a strong grower, producing a mass of substantial upright stems crowned by large clusters of flowers. The blooms are white, with a fine light crimson eye in the center. Makes a fine display. 35¢ each; 3 for 95¢; 6 for \$1.80; 12 for \$3.50; 25 for \$6.90; 50 for \$13.65.

87P61 Ferdinand Cortez Those who prefer the richer and darker shades should give this excellent variety a trial. The color is an intense rich crimson shade with a brilliancy most appealing when seen in the bright sun. A vigorous grower. 35¢ each; 3 for 95¢; 6 for \$1.80; 12 for \$3.50; 25 for \$6.90; 50 for \$13.65.

87P68 Firebrand A most outstanding and rich variety, introduced not so many years ago. It is the largest flowering Phlox in the orange-red section. The blooms are a lovely shade of glistening cerise shaded with vermilion and flamed with brilliant orange. 40¢ each; 3 for \$1.05; 6 for \$2.00; 12 for \$3.90; 25 for \$7.65; 50 for \$15.15.

87P66 Jules Sandeau Jules Sandeau is grown extensively where a variety of dwarf phlox is wanted and it fills this place admirably well. In size of the individual flowers and flower-heads and in free-blooming character it holds its own with the taller growing varieties. The color is a fine pure shade of bright pink. 30¢ each; 3 for 85¢; 6 for \$1.60; 12 for \$3.05; 25 for \$6.00; 50 for \$11.90.

87P73 Miss Lingard Valuable because it blooms very early in the season. Above a wealth of long rich green foliage appear heavy trusses of bluish-pink blooms. Miss Lingard flowers from early June until October, and is, therefore, outstanding in every way. 35¢ each; 3 for 95¢; 6 for \$1.80; 12 for \$3.50; 25 for \$6.90; 50 for \$13.65.

87P65 Mrs. Milly van Hoboken A very fine new variety. The color of the blooms is bright shell-pink with a silver reverse and showing a varying suffusion of bright mauve. The lovely carmine eye adds to the pleasing effect of the flowers. 40¢ each; 3 for \$1.05; 6 for \$2.00; 12 for \$3.90; 25 for \$7.65; 50 for \$15.15.

87P74 Mrs. William Jenkins Here is a variety which enjoys as great popularity now as it did when first introduced. It forms magnificent plants, growing about 3 feet tall. Of strong growth, with rich bright green foliage, surmounted by large well-rounded heads of snow-white blooms. 30¢ each; 3 for 85¢; 6 for \$1.60; 12 for \$3.05; 25 for \$6.00; 50 for \$11.90.

87P76 Rheinlander The beautiful carmine-pink flowers of this variety always attract attention. They are of large size, forming fine globular trusses carried against a background of rich green foliage. 35¢ each; 3 for 95¢; 6 for \$1.80; 12 for \$3.50; 25 for \$6.90; 50 for \$13.65.

87P78 Rynstrom An excellent variety which originated in Europe but has gained a strong foothold in America due to its many valuable points. The individual flowers are very large and they combine into heavy, massive trusses of a bright rose-pink shade. 35¢ each; 3 for 95¢; 6 for \$1.80; 12 for \$3.50; 25 for \$6.90; 50 for \$13.65.

87P84 Thor In this variety we have a fine combination of bright and silky salmon-pink with a deep crimson eye in the center. Thor is worth growing not only because of its excellent color but also because of its outstanding habit of growth. 35¢ each; 3 for 95¢; 6 for \$1.80; 12 for \$3.50; 25 for \$6.90; 50 for \$13.65.

87P90 Von Lassburg A favorite mid-season Phlox of splendid tall growth, producing large and well-rounded trusses of pure white blooms. It is a free-flowering variety. Excellent for the background on account of its height. 35¢ each; 3 for 95¢; 6 for \$1.80; 12 for \$3.50; 25 for \$6.90; 50 for \$13.65.

87P92 Widar Large and well-formed individual blooms. They are placed closely together, making a solid truss or ball of flowers. The color of the blooms is a light rosy violet with a white center. 35¢ each; 3 for 95¢; 6 for \$1.80; 12 for \$3.50; 25 for \$6.90; 50 for \$13.65.

87P50 Antoine Mercie A very showy perennial Phlox of a rather unusual color. The flowers are a bright and vivid shade of lilac with a contrasting pure white eye. This makes a strong growth and produces a profusion of large, well-rounded flower-heads. It looks particularly attractive if planted in masses. 40¢ each; 3 for \$1.05; 6 for \$2.00; 12 for \$3.90; 25 for \$7.65; 50 for \$15.15.

87P51 Beacon A most magnificent flower of a brilliant cherry-red shade. Beacon is easily grown and blooms very profusely. The flower-heads are simply immense. They are carried on fine stems above the rich green foliage. This shade looks its best if seen in bright sunlight. The plants grow stronger every year and make a magnificent show with their brightly colored blooms. 35¢ each; 3 for 85¢; 6 for \$1.60; 12 for \$3.05; 25 for \$6.00; 50 for \$11.90.

87P56 B. Compte This is a very brilliant and showy variety of good strong growth and profuse blooming habit. The individual flowers are large and combine into magnificent trusses of a brilliant French purple shade. This color is unusually bright and never fails to receive favorable attention. It looks best if planted in combination with some white variety. 35¢ each; 3 for 85¢; 6 for \$1.60; 12 for \$3.05; 25 for \$6.00; 50 for \$11.90.

87P64 Commander (Von Hindenburg) A newer variety of exceptional beauty. The large massive flower-heads are brilliant crimson-red with a pleasing and contrasting darker eye. Commander grows very freely and blooms profusely. The plants are sturdy and well-branched. They increase rapidly with every year. 40¢ each; 3 for \$1.05; 6 for \$2.00; 12 for \$3.90; 25 for \$7.65; 50 for \$15.15.

87P57 Elizabeth Campbell Of all Hardy Phlox, Elizabeth Campbell is perhaps the most popular on account of its outstanding color and other remarkable characteristics. The color of the flowers is a pleasing light salmon enlivened by a pinkish tint toward the center. LILIES

Lilies are the symbol of beauty. They are easily grown and the varieties we list are perfectly hardy. With every year they will increase in size and attractiveness. Lilies do best in a well-drained sandy soil which should be fairly rich. The plants need plenty of water during periods of drought. Plant the bulbs as early in the fall as they can be had. It is important to plant deeply. As a general rule, the top of the bulb should be located three times as deep as the greatest diameter of the bulb. The distance between the plants should be from 12 to 18 inches. To provide the necessary drainage, dig the hole which is to hold the bulb and place the bulb at the bottom on a layer of sand, filling in fine sand all around it until completely covered. On top of this is placed ordinary garden soil. Many bulbs are late maturing and cannot be shipped before November first. Where the ground is likely to freeze before the bulbs arrive, cover it with a mulch of straw, manure, or leaves several inches deep to keep the ground in condition for planting as soon as the bulbs are received. These late plantings are usually very successful.

8602 Bermuda Easter Lily (Harrisii)

See illustration. The Bermuda Easter Lily is the strongest of all the longiflorum Lilies, which are commonly known as Japanese Easter Lilies. This variety is the one planted extensively for winter blooming and is forced in great quantities for Easter. The plants grow 4 feet tall, carrying from five to twenty large, waxy white flowers on a single stem. The blooms have a delightful fragrance. The individual flowers measure 4 to 6 inches in length and are quite often tinged with green near the base. The anthers are yellow. Planted in the open, they make a sturdy growth and bloom during July and early August. Ready for delivery in September. 35¢ each; 3 for 95¢; 6 for \$1.80; 12 for \$3.50.

Bermuda Easter Lily

Golden Banded Lily of Japan

8614 Easter Lily (Formosum) This is quite similar to the Bermuda Easter Lily. However, it does not make as tall a growth, but is better suited for outdoor planting in the garden. It is also known as Japanese Easter Lily and Trumpet Lily. The plants grow one to three feet in height and bear at the top a whorl of one to ten flowers. The blooms are 4 to 6 inches long and nearly as wide. The waxy white corolla is relieved by a greenish tinge at the base and by the bright yellow anthers. The plants bloom profusely during July and early August.

This fine Lily is entirely hardy if planted in a suitable location and the plants will increase in size and beauty with every year. It develops its fullest beauty if the bulbs are left undisturbed. Ready for delivery November 1st. 45¢ each; 3 for \$1.20; 6 for \$2.30; 12 for \$4.50.

8619 Golden Banded Lily of Japan (Auratum)

See illustration. This is also known as Golden-Rayed and The Queen of Lilies. It is a magnificent variety, with strong stems growing 3 to 6 feet in height. Each stem carries from two to fifteen flowers. The blooms are of enormous size, measuring 6 to 10 inches in diameter. They are delightfully fragrant. The petals are pure white, attractively spotted with bright crimson. There is a yellow band running along the mid-rib, extending the whole length of each petal. It is this characteristic which has given the flower its name, Golden Banded Lily. The deep red anthers add greatly to the color contrast.

Even though it is a hardy variety, it sometimes disappears two or three years after planting. However, it is of such outstanding beauty that it should be grown everywhere, even if replanting is necessary. Blooms during July and August.

Ready for delivery November 1st. 35¢ each; 3 for 95¢; 6 for \$1.80; 12 for \$3.50.

8625 Madonna Lily (Candidum)

See illustration. Some gardeners call this variety Annunciation Lily, Lent Lily, Bourbon Lily, or St. Joseph's Lily. The large number of common names is a sure sign of its great popularity among gardeners. The plants grow 2 to 4 feet tall and bear a large number of rich, deep green, narrow leaves all along the stems. The flowers measure 3 to 4 inches in length and are fully as wide. They are borne in clusters of from 3 to 20 at the top of each stem. They have a delightful fragrance. The

Madonna Lily (Lilium candidum)

blooms are waxy white and have yellow anthers. This is considered by many to be the Lily referred to in the Bible. It is of easy cultivation and does well in any soil or location, lasting almost indefinitely after once being established. For forcing it is unsurpassed. Planted outdoors it blooms during June and July. Cover the bulbs with 2 inches of fine soil. Ready for delivery in September. 30¢ each; 3 for 85¢; 6 for \$1.60; 12 for \$3.05.

8631 Royal Lily (*Lilium Regale*)

See illustration. This is one of the most beautiful of all Lilies. The blooms are borne in clusters and measure 4 to 6 inches in length. They have a sweet fragrance. The inside of the flowers is bright canary-yellow in the throat, shading to blush-white toward the edges. Quite often there is a pink suffusion throughout the whole flower. The outside is a waxy white with a purple midrib running through the center. Blooms profusely during July and early August. Ready for delivery November 1. 60¢ each; 3 for \$1.60; 6 for \$3.05; 12 for \$5.95; 25 for \$11.75; 50 for \$23.40; 100 for \$46.50.

8644 Turk's Cap Lily (*Battermanniae*)

An excellent Lily, native of Japan. Its hardiness, strong sturdy growth, and ease of cultivation, make it one of the most desirable of all Lilies. Carried on a strong stem, 2 to 4 feet tall, is a magnificent cluster of flowers—sometimes as many as 12 blooms in a cluster. The individual blooms measure 3 to 5 inches in diameter. They are a pale orange-red or apricot, sometimes tinged with pink, but free from any spots or markings. 45¢ each; 3 for \$1.20; 6 for \$2.30; 12 for \$4.50; 25 for \$8.90.

8603 Canadian Lily

(*Canadense*) This is also known as Meadow Lily and Wild Yellow Lily. The plants grow 2 to 5 feet tall, bearing from one to ten flowers on a single stem. The individual blooms are 2 to 3 inches long and they are nearly as wide. The color is a bright orange-yellow, attractively spotted with purplish brown. The anthers are red. On account of its ease of cultivation and its gracefulness it is planted extensively by many gardeners. The blooming period falls from late June to early August. Ready for delivery November 1. 25¢ each; 3 for 70¢; 6 for \$1.30; 12 for \$2.45.

ROYAL LILY - LILIIUM REGALE

8654 Yellow Show Lily (*Henryi*)

See illustration. This variety is native to Central China. It is one of the very best of all Lilies for general cultivation, doing well in almost any soil and situation. It is long-lived, hardy, and strong growing. The plants grow 4 to 8 feet tall, bearing a large number of long, narrow leaves. There are as many as 20 blooms on a stem.

The individual flowers measure 3 to 4 inches in diameter and they are a bright orange-yellow, spotted reddish brown and having a green band at the base of each petal. The anthers are bright orange-red. Blooms during August and September. Ready for delivery November 1. 65¢ each; 3 for \$1.75; 6 for \$3.35; 12 for \$6.55.

8638 Swamp Lily (*Superbum*)

This is also known as the American Turk's Cap Lily. The flowering plants are 3 to 8 feet tall, with as many as 40 flowers crowning each stem. The diameter of the individual flowers is 3 to 4 inches, and the color is a brilliant orange-scarlet, shaded yellow and spotted purplish brown at the base. The anthers are bright red. Blooms from late July to early September. Ready for delivery in October. 25¢ each; 3 for 70¢; 6 for \$1.30; 12 for \$2.45.

Yellow Show Lily

8634 Show Lily (*Speciosum rubrum*)

See illustration. A beautiful Lily for growing either in the garden or in pots. The flowers are borne in clusters at the top of a stem 2 to 4 feet in height. The individual blooms measure 4 to 6 inches in diameter. They are white, most attractively suffused with rose-pink in the center and spotted with rich mahogany-red. The base shows a green stripe and the anthers are red. Blooms profusely during August and September. Ready for delivery in October. 30¢ each; 3 for 85¢; 6 for \$1.60; 12 for \$3.05.

8653 Yellow Japanese Lily (*Hansonii*)

This is a most beautiful and outstanding variety for general cultivation, being permanent, very strong, robust, and easily grown. The plants grow 3 to 5 feet tall and each stem bears as many as 10 flowers. The blooms are most showy, with their bright golden yellow flowers, spotted purplish brown. They are slightly fragrant. The anthers are orange-red. Blooms during June and early July. Ready for delivery November 1. 65¢ each; 3 for \$1.75; 6 for \$3.35; 12 for \$6.55.

Loreley

BEARDED IRIS

The Bearded or Flag Iris comprises the various classes of Iris Germanica and other species, all being of tall, strong growth and doing well in a fairly dry, well-drained location. They are of easiest culture, blooming freely in any average soil. They are perfectly hardy and when in full bloom present a beautiful sight. The flowers are borne on long, strong stems above the foliage. They make good cut-flowers, lasting a long time in water. The Bearded Iris bloom during June.

The First Flowers of Spring

9496 Snowdrops

(*Galanthus nivalis*) Snowdrops are the earliest outdoor flowering bulbs we have. For naturalizing among shrubbery or in the foreground of the perennial border they are superb. By making plantings in locations of different exposures, it is easy to have a succession of blooms for two to three months every year. Plant the bulbs as early in the fall as possible, covering from 1 to 2 inches deep with fine soil. Set them closely, that is, 3 to 4 inches apart, for effect. 6 for 35¢; 12 for 65¢; 50 for \$2.35; 100 for \$4.50; 500 for \$21.00.

CHIONODOXA

Chionodoxa Glory of the Snow

9480 Luciliae A fine bulbous perennial for the open ground and also planted extensively in pots for winter blooming in the house. Any kind of well-drained garden soil will give wonderful results. The attractive flowers are more or less tipped with a rich blue at the end of the petals. It is rather hard to understand just why this easily grown and very showy plant is not more popular. In our opinion it is really the most showy of the early spring-flowering bulbs we offer. Plant the bulbs 3 inches deep and as close as 1 inch apart, and they will bloom freely during March and April. They are perfectly hardy and will last almost indefinitely. 3 for 19¢; 6 for 35¢; 12 for 60¢; 50 for \$2.10; 100 for \$4.00.

The early spring flowers have always had a particular appeal to all kinds of gardeners. It is only natural that after months of cold and freezing weather people will greet the tender little shoots that have pushed through the ground, even though snow and ice have not vanished entirely. First of all, we find the Snowdrops making their appearance. Planted in groups of twenty-five to five hundred bulbs, according to the effect wanted, they will present a great attraction in the early spring garden. Soon after the Snowdrops, Crocus with their brilliant colors will come into the picture. For permanent results, they should be planted among the shrubbery, where they will last almost forever. Chionodoxa is the next early spring flower to appear, and right here we want to urge all gardeners to give this easily grown and most showy spring-flowering bulb an opportunity to prove just how much of a display it will make. Not much later, we find Scillas, Grape Hyacinths, and Fritillaria preceding the Daffodils, Hyacinths, and Tulips.

Crocus - Harbingers of Spring

Hardly any other flower is so well adapted for naturalizing as the Crocus. Many people plant it in the lawn, where indeed it will make a good display. Yet, for permanent results, we suggest that it be planted in the foreground of shrubbery where the foliage can ripen properly and insure continued existence. Crocus looks best if planted in masses, set about 4 inches apart and covered with 2 inches of fine soil. They bloom very early and make a wonderful display with their bright colors. Crocus are also easily grown in shallow pots or pans filled with fiber or soil for winter blooming in the house.

Fritillaria

Fritillaria

8925 Mixed (Snake's Head) These are comparatively little known but deserve to be grown more widely. They are perfectly hardy and excellent for planting among shrubbery or in the perennial borders. Along streams and where the ground is shaded they do particularly well. The fairly large bell-shaped flowers are curiously marked, not unlike the scales on a snake's head. They come in various shades and combinations of colors. There are very bright purple and bronze tints, also white ones, but all of them are marked with contrasting colors, including green. Plant the bulbs about 4 to 5 inches deep and about 8 inches apart. 6 for 40¢; 12 for 70¢; 25 for \$1.35; 100 for \$5.00.

Scilla—Bluebells

9490 Sibirica A popular variety on account of its showy rich blue flowers which appear shortly after the Snowdrops and bloom throughout the month of April. Excellent for naturalizing by planting 5 to 6 inches apart and about 3 inches deep. They are perfectly hardy and last almost indefinitely. Also excellent for growing indoors in pots or pans. 6 for 35¢; 12 for 65¢; 50 for \$2.45; 100 for \$4.75.

9491 Campanulata This variety is quite a little later than Sibirica, forming graceful slender little spikes set with rich blue, bell-shaped flowers. It blooms during May and early June. The bulbs should be planted 3 to 4 inches deep and about 6 inches apart. They look best if planted in masses, grouped together, among perennials, or in the foreground of shrubbery. 6 for 35¢; 12 for 60¢; 50 for \$2.20; 100 for \$4.25.

SCILLA SIBIRICA

GRAPE HYACINTHS

Grape Hyacinths

9485 Heavenly Blue Graceful and dainty early spring-flowering bulbs, producing slender little spikes closely set with small round bells of a bright blue color. They bloom profusely during April and will last almost indefinitely if planted about 4 to 5 inches deep. For best effects, set them in clumps 3 to 4 inches apart. They can also be grown for winter blooming, but must not be forced by high temperature. 12 for 60¢; 50 for \$2.10; 100 for \$4.00; 500 for \$19.00.

9486 White Not so long ago a visitor who saw our White Grape Hyacinths remarked about the wonderful showing they were making. In fact, the little white bells on the graceful spikes 6 inches long are a beautiful subject for the spring garden. 12 for 60¢; 50 for \$2.10; 100 for \$4.00.

Anemone

8909 St. Brigid These Anemone are easily grown. They bloom profusely from early March until May. Autumn is the right time for planting, placing the bulbs from 2 to 3 inches deep and from 5 to 6 inches apart. Firm the soil around the roots very solidly in order to get a satisfactory start. During the real winter weather cover with straw or strawy manure. For winter blooming in the house treat Anemone the same as you would Hyacinths or Tulips. Our mixture contains a remarkable range of fine colors, including pink, rose, purple, lavender, violet, red, and many others. 3 for 25¢; 6 for 45¢; 12 for 85¢; 50 for \$3.10; 100 for \$6.00.

Anemone

89P55 Lily-of-the-Valley

Few flowers are as well known and as much appreciated as the Lily-of-the-Valley. After once being planted in a suitable place they will increase in number and will produce their graceful and sweetly scented blooms every spring for an almost indefinite time.

With us Lily-of-the-Valley blooms during early May, and the graceful flower-spikes, with their pure white blooms, are excellent material for bouquets.

We offer strong, field-grown clumps, which must not be confused with the Lily-of-the-Valley pips as used for forcing by florists. These clumps are intended for garden planting and will give immediate effects. As long as the plants bloom profusely they should not be disturbed or replanted. 55¢ each; 3 for \$1.45; 6 for \$2.80; 12 for \$5.50; 25 for \$10.90.

Bulbs for Winter-Flowering in the House

Amaryllis

8903 Johnsoni A beautiful large trumpet-shaped crimson flower marked with a broad white stripe. Easily grown in the house in any moderately cool room. Barely cover the neck of the bulb and keep rather dry until sprouting; then water regularly but not in excess. 75¢ each; 3 for \$2.05; 6 for \$3.95; 12 for \$7.75.

8907 Giant American Hybrids Contains a wonderful assortment of bright colors. The flowers are all very large and they are carried on strong stout stems. Easily grown with little care. 65¢ each; 3 for \$1.75; 6 for \$3.35; 12 for \$6.55.

Ranunculus

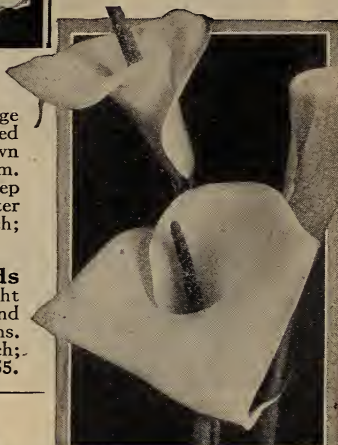

Ranunculus

8980 French Mixed Easily grown plants which will make a wonderful display of flowers during the winter months. The blooms are double and come in many bright colors excepting blue. The plants grow 6 to 12 inches tall, branching freely and blooming profusely. Plant the bulbs 3 inches deep in boxes filled with fine soil. 3 for 25¢; 6 for 45¢; 12 for 85¢; 50 for \$3.10; 100 for \$6.00.

You will find on this page a number of well-known and showy flowering bulbs which are grown extensively for winter blooming. While, of course, the temperature in a greenhouse or conservatory can be regulated to provide ideal growing conditions, the plants can be grown successfully by amateurs in any room where the temperature is not allowed to drop below 45 or 50 degrees Fahrenheit. In addition to the varieties given on this page, we offer in this catalog a wide assortment of hardy bulbs which are well adapted for growing in the house for winter blooming. Narcissus or Daffodils, particularly the Paper Whites, as well as Tulips, Hyacinths, Scilla, Grape Hyacinths, Spiraea, Lilies, Crocus, Snowdrops, and Chionodoxa make excellent flowers if grown indoors during the winter.

Calla

Calla

8919 Ethiopica (Lily of the Nile) This is the well-known white Calla Lily, with its attractive pure white blooms carried on long stems above the rich green foliage. It can easily be grown in a moderately warm room at a temperature of about 50 degrees F. The flowers are excellent for cutting. 35¢ each; 3 for 95¢; 6 for \$1.80; 12 for \$3.50.

8918 Elliottiana (Yellow Calla) A most attractive variety, with rich golden yellow flowers contrasting sharply with the variegated foliage of deep green splashed with white. For March and April blooming start the bulbs indoors the latter part of October. It is an excellent pot-plant. 35¢ each; 3 for 95¢; 6 for \$1.80; 12 for \$3.50.

Freesia

9550 Purity Glistening, pure white flowers carried in long racemes. Blooms profusely and is very sweet scented. An excellent cut-flower for indoor blooming during the winter. Keep in a light room where the temperature is about 50 degrees F., and they will flower freely. 6 for 35¢; 12 for 65¢; 50 for \$2.35; 100 for \$4.50.

9557 Rainbow Hybrids A beautiful strain with flowers ranging through yellow, lavender, pink, and purple—all very beautiful and delicate. The fine flowers are carried on long wiry stems. An excellent sweet-scented cut-flower. 6 for 40¢; 12 for 70¢; 50 for \$2.60; 100 for \$5.00; 500 for \$24.00.

Freesia—Purity

Hardy Perennial Plants

Hardy Perennial Plants are a very important class for all kinds of gardens. They are sure to give a showy and quick display and for that reason are preferred by many to seeds. The use of perennial plants permits the establishment of a perennial garden in full bloom within a very reasonable period. Most perennial plants die down to the ground with the first severe frost. This type requires a winter cover of straw, strawy manure, or peat, not more than 2 inches thick; but there are other perennials which retain some of their foliage all through the winter. These should receive a protection over the roots only; the foliage must be exposed as otherwise the plants would likely perish from lack of air.

Achillea 89P10 **Ptarmica** (Boule de Neige) Easily grown in any ordinary garden soil, particularly if in a sunny location. Avoid soil which is excessively rich. Excellent for the mixed border and for cutting. The white double flowers are borne in attractive small heads from midsummer until frost. The well-formed plants measure 2 to 3 feet in height, and they are a perfect mass of blooms during many months. Perfectly hardy everywhere. 35¢ each; 3 for 85¢; 6 for \$1.60; 12 for \$3.05; 25 for \$6.00.

Anchusa 89P13 **Dropmore** A stately perennial, 4 to 5 feet tall, with a wealth of rich deep blue flowers, borne most profusely from May until early July. They do best in a loamy soil and require a thin cover of straw or strawy manure during severe winter weather. 35¢ each; 3 for 80¢; 6 for \$1.50; 12 for \$2.90; 25 for \$5.65.

Anthemis 88P01 **Tinctoria** A free-blooming and showy, perfectly hardy perennial, particularly well suited for poor soils. The attractive, finely cut foliage gives an excellent background to the large, Daisy-like, golden yellow blooms. Anthemis looks well in the garden and is a fine cut-flower. 35¢ each; 3 for 80¢; 6 for \$1.50; 12 for \$2.90; 25 for \$5.65.

Bocconia

89P78 **Plume Poppy** Showy blue-green foliage and long panicles of creamy white flowers. Blooms during July and August and grows 6 feet tall. A stately variety for planting in the background. 35¢ each; 3 for 85¢; 6 for \$1.60; 12 for \$3.05; 25 for \$6.00.

Aquilegia

88P99 **Mrs. Scott Elliott Hybrids**

No other type of Aquilegia has become known as quickly as the Mrs. Scott Elliott strain. Those who have seen it can fully realize the reason for its extreme popularity. It forms compact, well-rounded plants, sending forth during May and June a mass of strong wiry flower-stems crowned with large, graceful, and well-formed long-spurred blooms. The color range represented in this strain is particularly noteworthy. Never before have we seen as many colors, both delicate and rich, and as many showy combinations of shades as represented in this type. 35¢ each; 3 for 90¢; 6 for \$1.70; 12 for \$3.25; 25 for \$6.40.

Cerastium 88P39 **Biebersteinii** A dwarf-growing perennial, forming thick, carpet-like mats of silvery white foliage. The pure white blooms are of quite good size. They are produced in abundance during May and June. Particularly well suited for rock gardens, also for embankments or borders in sunny and dry locations. 35¢ each; 3 for 85¢; 6 for \$1.60; 12 for \$3.05; 25 for \$6.00.

The perennial plants which we offer on these pages are well grown and well rooted. If properly planted and taken care of they will give maximum results, last for many years, and increase in size and beauty with each season.

Cerastium Biebersteinii

Perennial Plants—Continued

Coreopsis 88P37 *Lanceolata* A valuable, free-blooming perennial which will last many years provided that the blooming spikes are cut down close to the ground during August in order to encourage the formation of new shoots, which will bloom the following year. Coreopsis is highly valued for its rich golden yellow blooms. The flowers measure nearly 3 inches in diameter and they are borne on graceful slender stems; excellent for cutting. Depending on the soil, the plants will grow 3 to 4 feet tall, producing their gay display of blooms from July until September. 3 for 65¢; 6 for \$1.20; 12 for \$2.25; 25 for \$4.40; 50 for \$8.65.

Coreopsis and Delphinium planted together make a wonderful display in the early summer garden. They bloom during June and form a fine color contrast.

Delphinium Perennial Larkspur

89P23 Vanderbilt Hybrids These new Hybrids represent a marked improvement over the older type of Delphinium. Most noticeable is the fact that the blooms are produced so closely together as to form a solid spike of color. This strain includes a wide range of blue, purple, and garnet shades. 40¢ each; 3 for 95¢; 6 for \$1.80; 12 for \$3.50; 25 for \$6.90.

89P31 Belladonna While in this variety the flower-spikes are not as closely set as in the Vanderbilt Hybrids, Belladonna will always be a great favorite by reason of its unusual color. The beautiful soft rich blue flowers are borne profusely, forming handsome well-set spikes of most showy appearance. Excellent for cutting. 30¢ each; 3 for 65¢; 6 for \$1.20; 12 for \$2.25; 25 for \$4.40.

89P32 Bellamosum In habit of growth, free-blooming character, and showy appeal, Bellamosum resembles Belladonna quite closely. However, the blooms are a rich dark blue shade. Of strong sturdy growth, bearing its magnificent flower-spikes during June. The plants grow 3 to 5 feet tall and make a magnificent display. 30¢ each; 3 for 65¢; 6 for \$1.20; 12 for \$2.25; 25 for \$4.40.

Dianthus—Perennial Pinks

89P21 Allwoodii Mixed A wonderful strain of double Perennial Pinks with large, showy, long-stemmed flowers in a great array of bright colors. 35¢ each; 3 for 85¢; 6 for \$1.60; 12 for \$3.05; 25 for \$6.00.

89P20 Plumarius semperflorens Perfectly hardy, free-blooming, dwarf spreading plants with long stems. Finely fringed double blooms in all colors. A showy plant for beds, borders, and the rock garden. 30¢ each; 3 for 75¢; 6 for \$1.40; 12 for \$2.65; 25 for \$5.15.

Dicentra Bleeding Heart

96P10 Spectabilis This is often referred to as Dutchman's Breches because of the peculiar form of its flowers. The well-branched showy plants grow about 3 feet tall and produce an abundance of hanging, bright rose, heart-shaped flowers from April until June. Does well in the semi-shade as well as in full sun. The top growth dies down during the late summer. 65¢ each; 3 for \$1.75; 6 for \$3.35; 12 for \$6.55; 25 for \$13.00.

Funkia Day Lily

89P33 Undulata Variegata This is the well-known edging plant used so extensively in the foreground of shrubbery and mixed with other perennials. The foliage is creamy white, attractively marked with bright green. The light blue flowers are carried on stems 2 feet tall. Very attractive at all times, even when not in bloom. 30¢ each; 3 for 85¢; 6 for \$1.60; 12 for \$3.05; 25 for \$6.00.

Foxglove

Foxglove

Digitalis

86P83 Gloxinia-Flowered Everybody knows Foxglove and no garden is complete without them. Even though they often persist for many years, usually the plants will not live after they have flowered, yet they usually self seed and produce a continuous showy display in this way. They prefer a semi-shaded location and bear magnificent spikes closely set with large bell-shaped blooms. 3 for 65¢; 6 for \$1.20; 12 for \$2.25; 25 for \$4.40; 50 for \$8.65.

Gaillardia

Gaillardia

Blanket Flower

86P76 Grandiflora This ranks in showiness with Coreopsis and Delphinium. The large Daisy-like flowers come in various combinations of bright golden yellow, scarlet, and crimson. They are produced profusely from June until October. The plants grow 2 to 3 feet tall and make their finest display in a fairly dry soil and a sunny location. They require a slight covering during severe winter weather. 3 for 65¢; 6 for \$1.20; 12 for \$2.25; 25 for \$4.40; 50 for \$8.65.

Gypsophila

Perennial Baby's Breath

88P81 Bristol Fairy A wonderful new variety with extra large panicles of pure white blooms. It flowers continuously throughout the summer. Attractive in the garden and fine as a cut-flower. 85¢ each; 3 for \$2.25; 6 for \$4.35; 12 for \$8.55; 25 for \$17.00.

88P80 Paniculata This blooms during August and September, forming a symmetrical plant 2 to 3 feet in height, bearing small pure white flowers with the greatest profusion. 30¢ each; 3 for 75¢; 6 for \$1.40; 12 for \$2.65; 25 for \$5.15.

Enrich your soil with well-rotted manure and bone meal to provide plenty of nourishment for your perennial plants.

Helenium—Sneezewort

88P82 Bigelovi An attractive Sunflower-like plant, growing 2 to 3 feet tall, bearing during August showy clusters of deep yellow, brown-centered flowers. 35¢ each; 3 for 95¢; 6 for \$1.80; 12 for \$3.50; 25 for \$6.90.

88P83 Pumilum Magnificum Large golden yellow flowers from July until October. Of uniform height, 12 to 18 inches tall, and therefore excellent for beds or borders. 35¢ each; 3 for 95¢; 6 for \$1.80; 12 for \$3.50; 25 for \$6.90.

88P84 Riverton Gem A tall-growing variety, 5 to 6 feet in height, bearing from August until October attractive blooms of old gold, suffused terra cotta. 35¢ each; 3 for 95¢; 6 for \$1.80; 12 for \$3.50; 25 for \$6.90.

Helianthus—Sunflower

89P62 Sparcifolius This is considered the best of the summer flowering hardy Sunflowers. The individual blooms are 3 inches in diameter; 3 to 4 feet tall. 35¢ each; 3 for 85¢; 6 for \$1.60; 12 for \$3.05; 25 for \$6.00.

Heliopsis—86P90 Pitcheriana

Beautiful deep golden yellow flowers, measuring about two inches in diameter. These resemble the Helianthus, but bloom during July and August. Fine for garden decoration and cutting, reaching a height of about 3 feet. 35¢ each; 3 for 85¢; 6 for \$1.60; 12 for \$3.05; 25 for \$6.00.

Hemerocallis—Lemon Lily

Very useful and attractive plants with showy rich green foliage and large Lily-shaped blooms carried on strong stems. Hemerocallis do well in any kind of garden soil and may be left for years in one place without resetting.

89P48 Thunbergii Sweet-scented, rich yellow flowers, borne profusely in July and August. 30¢ each; 3 for 75¢; 6 for \$1.40; 12 for \$2.65; 25 for \$5.15.

89P42 Florham A strong grower, 3 to 3½ feet tall. Rich yellow trumpet-shaped blooms in June and July. 30¢ each; 3 for 75¢; 6 for \$1.40; 12 for \$2.65; 25 for \$5.15.

89P46 Kwanso fl. pl. A large double-flowered variety with rich golden bronze flowers; 3 feet. 30¢ each; 3 for 75¢; 6 for \$1.40; 12 for \$2.65; 25 for \$5.15.

89P45 Dr. Regel Orange-yellow blooms, borne profusely during May. Fragrant. Grows 1½ feet tall. 30¢ each; 3 for 75¢; 6 for \$1.40; 12 for \$2.65; 25 for \$5.15.

Heuchera—Coral Bells

89P50 Sanguinea Brilliant carmine-rose flowers, borne in panicles on graceful slender stems. The plants grow 1½ to 2½ feet tall, and have rich dark blue foliage forming a compact bush. Perfectly winter hardy, blooming from May until July. Excellent in the garden and fine for cutting. 35¢ each; 3 for 85¢; 6 for \$1.60; 12 for \$3.05; 25 for \$6.00.

HEMEROCALLIS

Perennial Plants—Continued

Hibiscus
Mallow
Marvels

Hibiscus—Mallow Marvels

This class of plants is particularly well adapted to moist and marshy locations, yet if grown in ordinary garden soil they will develop into strong free-blooming plants of almost equal beauty. Their natural tendency to grow in moist soil makes them suited for planting along streams and ponds. They grow 5 to 6 feet tall and are perfectly hardy.

96P20 Giant Red A free-flowering variety with long graceful canes, bearing a profusion of immense pure rich red blooms. Of strong growth with flowers borne in great profusion from August to September. 30¢ each; 3 for 75¢; 6 for \$1.40; 12 for \$2.65; 25 for \$5.15.

96P18 Giant Pink This is a valuable companion to the other two colors offered here. The flowers are truly enormous and have an attractive silky sheen. 30¢ each; 3 for 75¢; 6 for \$1.40; 12 for \$2.65; 25 for \$5.15.

96P22 Giant White Pure white blooms borne on long, strong, yet graceful canes. The rich green foliage adds good contrast and provides an appropriate setting for the flowers. 30¢ each; 3 for 75¢; 6 for \$1.40; 12 for \$2.65; 25 for \$5.15.

96P24 Giant Mixed In this mixture we have included not only the three distinct colors described above but a few lighter and darker shades of red and pink. 3 for 65¢; 6 for \$1.20; 12 for \$2.25; 25 for \$4.40; 50 for \$8.65.

Hollyhocks

86P78 Double Mixed Hollyhocks are too well known to need any lengthy description, but the strain we offer here would really surprise many gardeners because of its sturdy strong habit and profuse blooming qualities. The flowers are closely set on long spikes 6 to 8 feet. They are fully double and present a wonderful sight. 3 for 65¢; 6 for \$1.20; 12 for \$2.25; 25 for \$4.40; 50 for \$8.65.

Iberis

Perennial Candytuft

86P93 Sempervirens A lovely dwarf plant growing about 8 inches tall. All during May the bushes are covered with a profusion of large white flower-heads of delightful fragrance. Excellent for the border or for planting in the rock garden. 35¢ each; 3 for 90¢; 6 for \$1.70; 12 for \$3.25; 25 for \$6.40.

Lathyrus

Perennial Peas

An excellent hardy perennial with showy flowers. Suited for planting along fences or for trailing over embankments. They require a good rich garden soil.

86P95 Red Rich red pea-shaped flowers in large trusses. 35¢ each; 3 for 85¢; 6 for \$1.60; 12 for \$3.05; 25 for \$6.00.

86P96 Pink The color of this variety is a particularly pleasing bright pink shade. 35¢ each; 3 for 85¢; 6 for \$1.60; 12 for \$3.05; 25 for \$6.00.

86P97 White Pure paper white blooms, borne profusely in fine heavy trusses. Very showy. 35¢ each; 3 for 85¢; 6 for \$1.60; 12 for \$3.05; 25 for \$6.00.

86P98 Mixed This is a mixture of the three varieties and a few other shades. 3 for 70¢; 6 for \$1.30; 12 for \$2.45; 25 for \$4.75.

Double Hollyhocks

Dwarf Iris

86P92 Pumila, Mixed An early flowering showy strain of Iris with white, violet, red, blue, and yellow blooms. They prefer a rather dry soil, particularly if loamy and calcareous. A fine plant for borders or for the rock garden. The plants grow 8 to 10 inches tall, and produce their showy blooms during April and May. 35¢ each; 3 for 85¢; 6 for \$1.60; 12 for \$3.05; 25 for \$6.00.

Our list of Hardy Plants contains a large number of dwarf perennial plants suited for rock garden plantings.

Lupinus Polyphyllus

Perennial Lupines

American gardeners have never come to realize as yet the value of Lupines in the perennial garden. The plants thrive in a rich sandy soil and make a wonderful showing, particularly if planted in masses. The long graceful flower-spikes give excellent cutting material. They bloom profusely from June until August. Easily grown and very showy.

Perennial Flower Seeds

Perennials are the chief standby of the old-fashioned gardens. They require little attention and respond generously to increased care and thorough cultivation. After once being established they will not only last many years but also increase in beauty with every season. The seed of perennials may be sown indoors almost any time of the year. Summer and fall sown seed should best be made in specially prepared beds, preferably boxed in with 8 or 10 inch boards and covered with a screen of lath or wide-meshed burlap. During the winter a covering of leaves or straw manure after the frost has touched the foliage is all the protection needed.

Burpee's Lawn Grass

For Summer and Fall Sowing

6145 Burpee's Fordhook Finest

We believe that our Fordhook Finest Lawn Grass is unequalled in every respect. Careful experiments have proven that best results with the lawn depend upon the use of the proper mixture of the right kind of grasses of high germination. Fordhook Finest contains a well-balanced blend of various American and Foreign fine-bladed and deep-rooting varieties which have given best results under the varied conditions of soil and climate met with in America. Fordhook Finest will make a smooth, green, velvety sod with a thick bottom. It is free from common grasses which produce clumps and knots in the lawn, thereby spoiling the desired smooth and rich effect. Fordhook Finest contains no chaff and weighs **25 to 27 pounds** per measured bushel. A small quantity of white clover is included for the purpose of thickening the sod. Sow one pound to a plot 10 by 20 feet (200 sq. ft.). Use 150 to 200 pounds to sow one acre. Lb. 60¢; 2 lbs. \$1.10; 5 lbs. \$2.50; 10 lbs. \$4.75, postpaid. By express or freight, the purchaser paying the transportation charges: 25 lbs. \$9.75; 50 lbs. \$18.50; 100 lbs. \$35.00; 250 lbs. \$85.00; 500 lbs. \$165.00.

6147 Golf Links

This mixture is composed exclusively of fine-bladed grasses which will withstand frequent close cutting and trampling. It is free from weed-seed and contains no white clover, the latter not being suitable for the closely cut golf lawn. We have made a special study of this subject to make Burpee's Golf Links Mixture the standard. Sow 150 lbs. per acre. Lb. 60¢; 2 lbs. \$1.10; 5 lbs. \$2.50; 10 lbs. \$4.75, postpaid. By express or freight, 25 lbs. \$8.75; 50 lbs. \$17.00; 100 lbs. \$33.00; 250 lbs. \$81.00; 500 lbs. \$155.00.

6158 Putting Greens

A mixture of many varieties of Bent grasses with a preponderance of Creeping Bent. These grasses are the most satisfactory for putting greens, as they make a smooth even growth which will withstand frequent close cutting and intense trampling. The seed we offer is of the highest quality. Lb. \$1.15; 2 lbs. \$2.20; 5 lbs. \$5.25; 10 lbs. \$10.25, postpaid. By express or freight, 25 lbs. \$25.00; 50 lbs. \$45.00; 100 lbs. \$85.00.

6146 Sunny South Lawn

We have prepared a special mixture that is particularly suited for the hot, dry sections of the South. With care and regular watering, Sunny South Mixture will produce satisfactory lawns under the most exacting conditions of weather and soil. Lb. 50¢; 2 lbs. 95¢; 5 lbs. \$2.35; 10 lbs. \$4.25, postpaid. By express or freight, 25 lbs. \$8.25; 50 lbs. \$16.00; 100 lbs. \$31.00; 250 lbs. \$77.00; 500 lbs. \$145.00.

6149 Shady Nook

We have prepared this mixture, which is composed entirely of choice, clean seed of the finest and most costly grasses adapted for semi-shaded locations. It will make a fine lawn where trees or large buildings prevent the ordinary mixtures from growing satisfactorily. Sow 150 lbs. per acre. Lb. 60¢; 2 lbs. \$1.10; 5 lbs. \$2.50; 10 lbs. \$4.75, postpaid. By express or freight, 25 lbs. \$8.75; 50 lbs. \$17.00; 100 lbs. \$33.00; 250 lbs. \$81.00; 500 lbs. \$155.00.

6144 Terrace Sod

The terrace is oftentimes a source of a great deal of worry and trouble. This is largely due to the fact that the right grasses are not used in the making of the terrace sod. We have prepared a special mixture containing only those grasses that are best adapted to embankments and terraces. These grasses are all deep-rooted. Lb. 60¢; 2 lbs. \$1.10; 5 lbs. \$2.50; 10 lbs. \$4.75, postpaid. By express or freight, 25 lbs. \$8.75; 50 lbs. \$17.00; 100 lbs. \$33.00; 250 lbs. \$81.00; 500 lbs. \$155.00.

6113 White Dutch Clover

While our mixtures, except Golf Links, Putting Greens, and Sunny South, contain a small quantity of White Dutch Clover, many gardeners like to sow an additional quantity of it. Use at the rate of one pound of Clover for 20 pounds of grass seed. Sow the clover separately to get an even distribution. Pkt. (4 ozs.) 30¢; lb. 75¢; 2 lbs. \$1.40; 5 lbs. \$3.25; 10 lbs. \$6.00, postpaid. By express or freight, 100 lbs. \$60.00.

Asparagus Roots

Mary Washington

In nearly all sections south of Philadelphia Asparagus Roots have proven to do particularly well if they are planted in the fall just before cold weather sets in. Since the introduction of the Washington varieties all the older kinds have become more or less obsolete, at least for the home gardener, and we are, therefore, offering the variety Mary Washington, which we consider the best. In answer to the question whether to plant one-year-old roots or two-year-old roots, we wish to state that for permanent results the one-year-old roots are preferable; but, of course, they take longer before they will give a good cutting.

Mary Washington is known for its resistance to rust. It produces thick, heavy, and long shoots which are straight, and closely folded at the tips. The color of the stalks is a rich dark green, and the tips are still a deeper green. When blanched they are a beautiful creamy white. Mary Washington is known as a tremendous yielder and strong grower.

9912 One-year-old-roots 50 for \$1.30; 100 for \$2.30, postpaid. By express or freight: 1000 roots \$13.00; 5000 for \$60.00.

9913 Two-year-old-roots 50 for \$1.60; 100 for \$3.00, postpaid. By express or freight: 1000 roots \$15.00; 5000 for \$70.00.

9 Seed of Mary Washington We offer seed of the true strain. Pkt. 10¢; oz. 25¢; 4 ozs. 70¢; ½ lb. \$1.10; lb. \$1.90, postpaid.

Onion Sets

9935 Egyptian, or Perennial Tree

A valuable, perfectly hardy variety planted during the fall. The bulbs may be left in the ground year after year without injury. The coppery red bulbs are quite flat and produce excellent scallions for early spring use. Plant as soon as received. Lb. 35¢; 2 lbs. 65¢; 5 lbs. \$1.40, postpaid. By express or freight, 100 lbs. \$20.00.

Hardy Flowering Shrubs

Shrubs are a permanent feature and it is worth your while to plant the best kind you can get. We deliver all shrubs purchased from us and guarantee their safe arrival. For best results, dig a good size hole for every shrub at the time you send in your order, mixing the bottom soil with the soil on top. This will enable you to plant as soon as the Nursery Stock is received. Our stock is clean and healthy and has been properly inspected. You will receive extra select bushy two-year-old plants.

Nursery Stock must be shipped while dormant. Orders received cannot be shipped until late in the season

95N43 Flowering Almond

(*Prunus japonicus* fl. pl.) A very attractive shrub with large pink double flowers in May before the leaves appear. Of dwarf, compact growth. (Size, 2 to 3 feet) 75¢ each; 3 for \$2.00; 6 for \$3.75; 12 for \$7.00.

95N60 Bechtel's Flowering Crab

This is an exceptionally fine dwarf ornamental tree and looks best if planted as a single specimen somewhere in the lawn. From the middle of May until early June the bushes are covered with bright pink blooms, not unlike a small rose in general appearance. Very hardy, easily grown, and most showy. (Size, 2 to 3 feet) \$1.25 each; 3 for \$3.25; 6 for \$6.25; 12 for \$12.00.

95N46 Deutzia Lemoinei

A profuse flowering shrub, blooming during spring and early summer. The large, cone-shaped flower-heads are pure white and open out fully. (Size, 18 to 24 in.) 65¢ each; 3 for \$1.75; 6 for \$3.25; 12 for \$6.00.

Deutzia—Pride of Rochester

95N62 Deutzia—Pride of Rochester

A vigorous variety with attractive foliage. Makes a well-shaped bush and produces a wonderful display of large white double flowers all during the month of June. Of upright growth, attaining a height of 6 to 8 feet and a spread of 5 feet. It is a great favorite. (Size, 1½ to 2 feet) 60¢ each; 3 for \$1.60; 6 for \$3.00; 12 for \$5.50.

95N64 Hydrangea

(*Arborescens Grandiflora*) A wonderful new Hydrangea of easiest culture, producing as many as 125 perfect flower-heads, averaging 6 inches in diameter. The color is pure white and is retained usually from 4 to 5 weeks. The flower clusters remain long after the leaves have fallen in the autumn. Perfectly hardy and makes an excellent display. 70¢ each; 3 for \$1.85; 6 for \$3.50; 12 for \$6.50.

Hydrangea—*Paniculata Grandiflora* with its large flower-heads—to the left

Snowberry, with its showy fruits

95N65 Hydrangea—Paniculata Grandiflora

There is no other shrub which is as popular and gives as magnificent a display as this fine hardy Hydrangea. The flowers are borne in large, globe-shaped panicles. The blooms are white, changing to a delicate pink tint at the first frost. This plant is entirely hardy and does well in almost any kind of soil. Grows 4 to 5 feet tall and 4 feet in diameter. (Size, 1½ to 2 feet) 70¢ each; 3 for \$1.85; 6 for \$3.50; 12 for \$6.50.

Golden Bell—Forsythia

95N63 Golden Bell

(*Forsythia Suspensa Fortunei*) A handsome, upright-growing shrub of vigorous growth, blooming profusely early in the spring, even before any of the leaves appear on it. Golden yellow, star-shaped blooms of great brilliancy. Easily grown. (Size, 2 to 3 feet) 60¢ each; 3 for \$1.60; 6 for \$3.00; 12 for \$5.50.

95N67 Snowberry

(*Symphoricarpus, White*) A valuable shrub for shady places, bearing small, rose-colored blooms succeeded by large, milky white fruits which last until late into the winter. The well-rounded bushes grow from 4 to 5 feet tall. Adds much to the rich effect of any group of shrubs. (Size, 1½ to 2 feet) 60¢ each; 3 for \$1.60; 6 for \$3.00; 12 for \$5.50.

95N44 Flowering Quince

(*Cydonia japonica*) A very popular and showy shrub, growing to a medium height. Planted closely, the bushes will give an excellent hedge, impenetrable because of their sharp thorns. The blooms are produced early in the spring. They are a dazzling scarlet. Well-grown shrubs will reach a height of 6 to 8 feet. Gardeners often refer to this merely as "Japonica." (Size, $1\frac{1}{2}$ to 2 feet) 85¢ each; 3 for \$2.35; 6 for \$4.60; 12 for \$9.05.

95N45 Kerria Japonica

The popular name for this shrub is Globe Flower. Of graceful habit, producing a wealth of double golden yellow flowers from June until October. The branches are of rather slender growth but the shrub reaches a height of from 5 to 8 feet. It does best if planted in partial shade. (Size, 2 to 3 feet) 75¢ each; 3 for \$2.00; 6 for \$3.75; 12 for \$7.00.

Bridal Wreath Spiraea—Graceful and showy

96N11 Spiraea—Bridal Wreath

(*Van Houttei*) Graceful, long, drooping sprays of white flowers. The most beautiful of all Spiraea and perhaps of all shrubs, blooming during May and June. Grows from 6 to 8 feet tall and spreads 6 feet. Extremely hardy and can be used to good advantage either as a specimen or in the border. The illustration as shown above gives a fair idea of the wonderful effect that can be had with this shrub. Planted alone it will grow into a well-rounded plant of great attraction. But it is just as useful in a mixed planting of shrubs or as a hedge. (Size, 2 to 3 feet) 55¢ each; 3 for \$1.45; 6 for \$2.75; 12 for \$5.25.

95N68 Spiraea—Anthony Waterer

Another excellent and very popular Spiraea for mass planting. The bright crimson flowers make a beautiful showing against the variegated foliage. Very hardy, growing to 3 feet tall and 3 feet in diameter. The attractive blooms are produced freely from July until frost. Excellent in the foreground of larger shrubs. (Size, $1\frac{1}{2}$ to 2 feet) 70¢ each; 3 for \$1.85; 6 for \$3.50; 12 for \$6.50.

95N66 Mock Orange—Philadelphus

The Mock Orange is a most desirable shrub, of vigorous habit, bearing a profusion of beautiful pure white flowers. Extremely hardy and most attractive, with its rich green foliage, even when not in bloom. The bushes grow about 10 feet tall and make a spread of 8 feet. The fine white blooms have a most exquisite fragrance and cover the bushes all during June. (Size, 2 to 3 feet) 60¢ each; 3 for \$1.60; 6 for \$3.00; 12 for \$5.50.

95N82 Purple Lilac—Syringa Vulgaris

This is the well-known, old-fashioned Lilac, with its large Lilac-colored flower-heads. It is a standard variety of tall growth, blooming profusely all during May. In addition to using lilacs as specimen plants in the lawn or mixed in a general planting of shrubs, they are well adapted for planting as a screen or tall hedge. Lilacs grow well in any ordinary garden soil provided it is moderately dry, either in a semi-shaded location or in the full sun. (Size, 2 to 3 feet) 70¢ each; 3 for \$1.85; 6 for \$3.50; 12 for \$6.50.

95N83 White Lilac

This white-flowering form of the old-fashioned Lilac makes a very fine show with its large panicles of creamy white flowers. It makes a strong growth, producing during June a mass of fragrant blooms. (Size, 2 to 3 feet) 75¢ each; 3 for \$2.00; 6 for \$3.75; 12 for \$7.00.

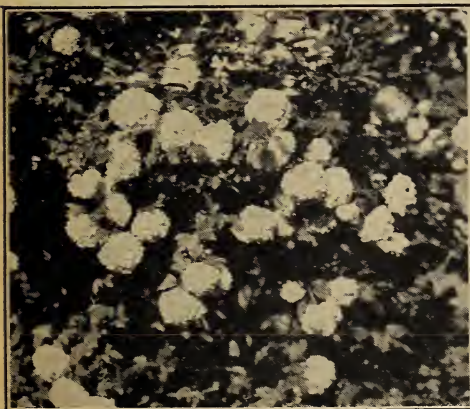

96N94 Six Beautiful Shrubs

Here are six easily grown showy shrubs which can be used to good advantage to add greatly to the value of any garden or home. This collection contains one each of **Golden Bell; Hydrangea, Paniculata Grandiflora; Mock Orange; Spiraea, Bridal Wreath; Snowball; and Weigela, Eva Rathke.** Value \$4.05, for **\$3.50**

95N71 Weigela—Eva Rathke

The most showy Weigela, with brilliant crimson flowers borne profusely and continuously from midsummer until late into the fall. The bushes grow 5 to 6 feet tall and make a spread of 6 feet. Easily grown almost everywhere and perfectly hardy after having become established. They do well in the full sun or semi-shade. (Size, 2 to 3 feet) 70¢ each; 3 for \$1.85; 6 for \$3.50; 12 for \$6.50.

The ever-popular Snowball

95N70 Snowball—Viburnum Opulus Sterile

A magnificent tall shrub; grows 8 to 10 feet in height and 8 feet in diameter. It is the old-fashioned and well-known Snowball, with round clusters of pure white, sterile flowers. The blooms appear the latter part of May. The plants do well in full sun or semi-shade, and develop to perfection in a dry soil. (Size, $1\frac{1}{2}$ to 2 feet) 90¢ each; 3 for \$2.50; 6 for \$4.75; 12 for \$9.00.

95N69 Viburnum tomentosum plicatum

This is called Japanese Snowball and was introduced from North China. It makes a moderate growth and produces a wealth of pure white heads early in June. Has excellent foliage and is very attractive. (Size, $1\frac{1}{2}$ to 2 feet) \$1.00 each; 3 for \$2.75; 6 for \$5.25; 12 for \$10.00.

Hardy Climbing Plants

Japanese Honeysuckle

Ampelopsis or Virginia Creeper

95N76 Ampelopsis

Virginia Creeper This most desirable vine is quite often called American Ivy. It is unexcelled for covering walls, verandas, and tree-trunks.
